BENTLON

# EXCELLENT QUALITY THROUGH EXPERIENCE

With more than 45 years of expertise and experience in the beauty industry, Bentlon is a leading name for beauticians, pedicurists and wellness establishments. As a manufacturer and supplier of salon equipment and beauty equipment, Bentlon supplies a wide range of products with high quality and optimal user-friendliness.

The high quality of Bentlon products is guaranteed by always manufacturing your personalized orders by hand. No mass production, only a manual process that takes place at our production department in Weert (NL). Each product is subjected to continuous quality controls during that production process. All details are taken care of and this is reflected in the secure finishing of each Bentlon product.

## BEAUTY

# TREATMENT CHAIRS

Are you looking for a beauty treatment chair? Bentlon offers a wide range of professional treatment chairs, from entry-level models with partial electric control to very advanced versions with all kinds of extras.

Bentlon beauty treatment chairs come in a variety of designs, so everyone can choose a Bentlon treatment chair that is most suited to their needs.

The extensive Bentlon treatment chair range has something for everyone. From basic entry-level models to highly advanced and luxurious. Bentlon offers great variety in versions and options. With all treatment chairs, the backrest, height, tilt position and leg supports can be adjusted. This can be done by gas springs or electrically, by means of motors. The choice is yours! In addition, there are various accessories and additional options available for the treatment chairs. Options that improve your posture, increase the ease of use or give an extra dimension to your treatments. Moreover, the treatment chair can be fully customized to your style and taste with upholstery and finishing caps. Choose the Bentlon treatment chair that suits you best!

## TREATMENT CHAIRS

**BEAUTY I BRONZE**

The Bentlon Beauty Bronze is optional with 2 or 3 actuators. That allow the height and tilt function and optional backrest of the chair to be electrically controlled and adjusted to the desired position. The leg board are easily adjustable by means of a gas spring. The Bentlon Beauty Bronze is available with a hand or foot control.

## TREATMENT CHAIRS

## ACCESSORIES

Various accessories are available for your Bentlon treatment chair.

**Chair cover**

Safeguard your treatment chair's upholstery and prolong its lifespan effortlessly with our terrycloth chair covers. Each cover is meticulously tailored to fit your specific treatment chair, ensuring a snug and flawless fit. Choose from a selection of colors including white, grey, or black to match your preference and style.

**Massage headrest**

The breathing hole in the massage headrest provides additional comfort for the client, especially during treatments or massages of the back of the body. The massage headrest is suitable for any treatment chair with a removable headrest and is available in 36 colors.

**Paper roll holder**

Protect your treatment chair cover and upholstery from wax or other products using a paper roll holder. The paper roll holder can be optionally attached to the armrest or footrest.

**Casters**

Caster wheels make it possible to easily move the treatment chair and, thanks to the rubber tread, they do not leave scratches behind. Integrated brakes make it possible to lock the casters allowing the treatment chair to be locked in place during treatments.

**Lower Arm Support**

The optional Lower Arm Support provides additional support for the forearm during pedicure treatments, thereby promoting a more ergonomic sitting position and relief of the muscles in the shoulders, back and neck. The Lower Arm Support is suitable for all Bentlon treatment chairs with the exception of treatment chairs with 3D and electric leg supports. Our lower arm support is available in 36 colours.

**Manicure tray**

Prepare your client's nails for the manicure or give an extra dimension to your treatments with a hand bath. The manicure tray can be mounted on all Bentlon chairs by means of a chrome bracket.

SOSOFT

# TREATMENT BED

The Bentlon Treatment bed SoSoft offers the ultimate combination between a sleek, modern design and a luxurious look. Thanks to the two column actuators and extra-wide seat, the treatment bed offers optimal stability and sitting comfort. Moreover, it also makes the SoSoft extremely suitable for body treatments and massages. The optional thermo function ensures an extra relaxing experience during the treatment.

The base is available in five different colors. Match the base with one of upholstery colors so that the treatment bed will always fit perfectly with your salon. The Bentlon treatment bed is available in two different models: Bronze and Gold.

# STOOLS & CHAIRS

A stool or chair is a low work chair widely used by beauticians and pedicurists. A work surface is of great importance for a good working posture and is therefore a crucial element in salon design.

As a therapist it is really important to take care of your ergonomical sitting position. That's why Bentlon offers a wide range of tabourets in different sizes and shapes, so you can make the right choice. Did you know that you can order your stool or chair in the same color as your treatment chair? All stool and chairs are equipped with a stable five-legged base with casters. The height is infinitely variable with a hydraulic gas pressure spring. In most models, the backrest can be adjusted both in height and depth so that you can adapt the correct sitting position.

# VAPOZONES

From the starter model with its basic steam functionality to the advanced steamer with a range of extras. Together, the Bentlon Vapozone models form a complete range in which each model offers additional functionality or options. This gives every beautician the opportunity to choose a Bentlon Vapozone with the options that best suit their salon.

## VAPOZONE

## BRONZE

The Bentlon Vapozone Bronze, like the other Vapozones in the Bentlon range, is equipped with a rotating steam arm. This allows easy adjustment of the steam head and steam direction. The Bentlon Vapozone Bronze has a 1.75-liter reservoir and 1 easy-to-activate amperage. Also, the Bentlon Vapozone Bronze is equipped with a felt ring in the steam head. On this ring simply drip an essential oil for an extra relaxing experience.

## VAPOZONE

## GOLD

In addition to the regular steam, ozone and herbal functions, the Bentlon Vapozone Gold has a standby function and two steam intensities. The water in the reservoir is kept at temperature allowing any of the 9 steam strengths to be turned on at any time. The standby function prevents you from having to take into account the heating time during your treatment. The integrated power outlet in combination with the stable top plate makes it possible to connect additional beauty equipment without cables being visible. In addition, the Bentlon Vapozone Gold comes standard with a magnifying holder. This complete concept makes the Bentlon Vapozone Gold excellent for even the smallest of spaces.

## VAPOZONE

## PLATINUM

Going beyond standard features, the Bentlon Vapozone Platinum introduces a standby function. This innovative addition maintains the water in the reservoir at an optimal temperature, ensuring that any of the 9 steam strengths can be activated instantly. This eliminates the need to factor in warm-up time during treatments, streamlining your workflow. The integrated socket, in conjunction with the stable top plate, enables seamless connection of additional beauty equipment without unsightly cables. As an added bonus, the Bentlon Vapozone Platinum comes equipped with a standard magnifying lamp holder, offering a comprehensive solution ideally suited even for compact spaces.

# INSTRUMENT TABLES & CABINETS

With the Bentlon instrument tables and cabinet range, you have the products you need for treatments nearby you. Thanks to the casters, they are easy to move, even during a treatment. The Bentlon instrument tables are available with two or three shelves. If desired, a drawer can be attached under one or more shelves. The instrument tables are also suitable for placing equipment in or on them. Using a special holder, a magnifying lamp can also be attached to the instrument table.

The cabinets are available in various sizes; tall, small, wide and narrow. Choose an open model or a closed model with drawers. The Gold model with open drawer is especially suitable for use with equipment. The cabinets can be optionally equipped with a towel holder and magnifying holder. In addition the different models can also be combined into a stylish wall unit.

# INSTRUMENT TABLES

The Bentlon instrument tables enable you to have the products you need for a treatment within reach. Thanks to the casters, the instrument tables are easy to move, even during a treatment. The instrument tables are available with two or three shelves. If desired, a drawer can be attached under one or more shelves. The instrument tables are also suitable for placing equipment in or on. A worklamp can also be attached to the instrument table with the help of a special holder.

# ULTRASOON

The Bentlon ultrasonic cleaner heats the liquid in the tank to 65 ° C, so that even greasy instruments are cleaned more efficiently. High-frequency vibrations generate millions of small air bubbles that release the dirt particles. The extra powerful Bentlon ultrasonic cleaner Gold, with a capacity of 2.6 liters, removes dirt and grease from even the smallest instruments. The extra fast cleaning time of 90 seconds to 8 minutes makes this the perfect ultrasonic cleaner for frequent, professional use.

ref. 50570

# HOT CABINET

No more bumbling with water and compress bins thanks to the Hot Cabinet Silver. The Hot Cabinet Silver has a capacity of 18 liters, which means that 80 to 90 compresses can be heated simultaneously. When switched on, the towel warmer automatically starts the heating process. When the set temperature is reached, the towel warmer is automatically kept at the desired temperature. The micro-computer, which also controls the temperature, protects the Hot Cabinet Silver against overheating.
