Gharieni Group is Brand Official of Forbes Travel Guide

Forbes Travel Guide is the only independent, global rating system for luxury hotels, restaurants and spas. Started as Mobil Travel Guide in 1958, the company created the first Five-Star rating system in the United States. Today, Forbes Travel Guide's incognito inspectors travel the world, evaluating properties based on up

to 900 rigorous, objective standards. The company's annual Star Ratings, reviews and daily travel stories help discerning travelers select the world's best luxury experiences.

Read more about Forbes Travel Guide:
www.forbestravelguide.com

The Gharieni Group is the only spa supplier to have been selected by the prestigious international Forbes Travel Guide as one of its "Brand Officials".

This is because Gharieni's world-class products and excellent customer service in the spa and wellness sector meet the high benchmarks and standards that Forbes Travel Guide uses to evaluate spas, luxury hotels and restaurants. This great recognition reflects our engagement to provide our customers with outstanding service, highest comfort and first-class design.

From initial concept to installation, Gharieni strives to provide clients with a memorable and immersive treatment experience by incorporating multi-sensory components and extensive customization options into its products. The designation by Forbes Travel Guide will reinforce our goal to pay utmost attention to the design details and differentiation of our equipment.

"We are pleased to name the Gharieni Group as the Official Spa & Wellness Equipment Manufacturer of Forbes Travel Guide," said Filip Boyen, CEO of Forbes Travel Guide. "Gharieni's team of experts oversees every step of design and customizes spa tables, treatment beds and more based on client need. The company, which has more than 25 years in the business, puts guest experience at the forefront of its innovative products."

The Gharieni Group

30+ years of innovation and German engineering are the cornerstones of the Gharieni Group's premium global brands.

Today, the group is positioned as one of the most innovative players in the Wellness industry – creating unparalleled guest experiences for the most discerning Wellness seeker. Present in more than 120 countries worldwide, we count as our clients, some of the most prestigious names in the luxury hospitality, medical wellness, resorts, residential and other well-being environments.

Our sustained, dynamic, and exponential growth continues to fuel our expansion, internationally. We are proud of the many awards, and prizes, we have won – and look forward to the continuing development of our business into the Experience and Transformation economies.

Certified Quality

for Gharieni treatment tables
and treatment units
"Made in Germany" production

In order to always live up to the "Made by Gharieni" brand, the standard "quality without compromise" applies in our company. This also includes guaranteed quality, because only this offers customers both transparency and security. In order to provide you with clear facts about the proof of production and to show that social responsibility as well as consumer interests are very important to us, we have put ourselves through a costly certification procedure by TÜV NORD and since early 2012 it's "official." In accordance with the TÜV NORD test criteria, our products in the areas of treatment tables and treatment units may be awarded the seal "Made in Germany!"

Quality management
in accordance with ISO 13485

Of course, our manufacturing and administration are also subject to constant quality control. Comprehensive quality management of business processes has been in existence for over ten years and includes ISO 13485 certifications. As a customer, this guarantees you both product quality and excellent service, a combination that can hardly be found elsewhere!

Table Options

Soft Upholstery

In addition to the standard upholstery, tables with this symbol can also be equipped with a significantly thicker, very soft cushioning. Depending on the type of table, this soft upholstery is available with both a PU and synthetic leather cover. The extra-soft upholstery provides an even higher degree of lying comfort, particularly for longer treatment sessions.

Electrical Arm supports

For even more comfort, the arm supports - as well as the height, the back, leg, and foot section - can be fitted with actuators for electrical adjustment. In addition to direct control via pushbuttons on the arm supports themselves, their position can be conveniently saved using the memory function. This can bring the entire table into the preprogrammed position with the push of a button.

Vibro-Wellness

Vibro-Wellness is a pleasantly massaging vibration system. Ten different vibration motors in the upholstery can be controlled individually via a manual switch. The vibrations work on shoulder (back part), seat, and calves.

Thermo Heating System

The intelligent Thermo heating system is integrated into the upholstery of the table and works with modern microprocessor technology. During the start-up phase, it heats with full power to achieve a comfortable temperature on the surface as soon as possible. Then, it is kept constant until the safety switch automatically turns off the heating after a predefined time. The variable parameters can be set via a programming sequence, which is initiated by a specific key combination. The heating system works with DC and is therefore almost free from electrosmog.

Logo embroidery

Treatment beds with this symbol have the option of having your logo embroidered into the upholstery or the neck rest. Only possible with synthetic leather upholstery.

(Multi-)Color upholstery

For the table models with this symbol, two or three colors can be selected from our various trendy colors and combined in a multi-color upholstery. You can find our color charts with the current collection on pageSeite 19 of the catalog.

Dual Headrest

Spa tables with this symbol can be equipped with the new, unique dual headrest. With this version, the face cradles can be swapped between a classic o-shaped and a softer horn-shaped insert.

Multifunctional Headrest

The special headrest holder allows a variety of individual settings thanks to its double-joint system, which can not be achieved with a normal headrest. In conjunction with the separately available head sections, this makes almost every treatment in the head area possible. The following attachments are available:

Crescent headrest

This headrest made of soft, washable PU, is ideal for cosmetic treatments, because the areas of the throat, neck, and shoulders are completely free and can thus be treated comfortably. At the same time, the customer's head is held in a comfortable and stable fashion. Also ideal for permanent makeup and foot care/podiatry!

U-shaped headrest

With washable synthetic leather, soft upholstery. Both headrests can only be used in conjunction with the multifunctional mounting. Ideal for back massages!

Crescent headrest

U-shaped headrest

Table Options

XL Extension

This clever alternative to the conventional headrest allows individual adaptation to each customer: Simply remove the standard headrest and replace it with the XL Extension. This way both slimmer and wider individuals can be treated in a fashion that is ergonomically best for them. This is particularly useful in the massage position because the XL Extension serves as a support surface for the arms. The XL Extension can of course also be adjusted by simply pulling it out. For the Lina, SL XP and SPL Neo treatment beds, the XL Extension is also available with a face cradle! (Not available with soft upholstery!)

Color- XL Extension

The XL extension can of course also come in a color from our current collection, as can the table itself. You can find our color charts at page 19.

Color Basic

Color casing

A treatment bed with this symbol is also available with the base, in addition to the standard white, in titanium-colored casing..

Casing in
titanium

White standard
Casing

Special coating of the metal parts

A special coating of the metal parts in RAL colors is possible in models with this symbol. The colors black-brown (RAL 8022), white (RAL 9016), and titanium (RAL 9007) are included in the table price.

Spa Ambience Light

Present your spa table in the proper light! This symbol indicates tables with hidden LED bar at the base. The indirect lighting creates an atmospheric ambience. With most tables you can choose from eight different light colors as well as an automatic color change at the push of a button.

Multimedia sound system

The sound experience for your table! The built-in audio interface offers a modern interface between many playback devices and your spa table. With the speaker integrated into the table, customers can relax to their own favorite music. At the touch of a button, you can choose between targeted playback on the head area or the entire room.

Connection options: Bluetooth, SD card, USB, AUX, and iPhone.

Rotonde

The Rotonde function enables treatment beds to be rotated to the left or right a total 180°. Due to this rotation, the customer can be easily put into the ideal position during treatment. By means of a side lever, the desired position of the table can be determined and also released again. 360° rotation is possible with our hydraulic models. Here the Rotonde function is included for technical reasons.

Castors

Additional castors

Treatment beds with this symbol can be equipped with braked castors. This makes it possible to easily move the table.

Electrically retractable castors

Instead of the mechanical castor mechanism, our spa tables with this symbol are also available with electrically retractable castors. These are controlled via the table's manual switch. That means: Mobility at the push of a button; it doesn't get any easier!

Table Options

Foot Switch

Foot switch Bluetooth®

Now various table models can be equipped with our new Bluetooth® foot control. In addition to operating individual functions, specific key combinations can also be used to call up pre-programmed reclining positions. This makes working even more efficient.

Foot switch wired

Depending on the table model, foot switches with different functions can be used.

For certain spa tables, foot switches with memory function are available. These allow you to call up preset table positions in addition to the basic functions such as height or tilt adjustment. With the standard foot switch, only the basic functions can be controlled.

Foot switch with memory function

Foot switch for basic functions

Aroma Therapy

Enveloped by pleasant scents during treatment - with the Aroma Therapy option you can turn your treatment into a wellness experience for all the senses.

Depending on the table model, you can release aromas from one or three integrated fragrance chambers at the push of a button. The fragrances can be exchanged as desired.

Wood Decor

Most of our spa tables are available standard in wenge-pattern or white. For tables with this symbol, you can also select your own favorite decor and before you know it, your table will be a perfect fit for your space! Ask for our current decor palette or visit our website at:

MLX Quartz

The Ancient art of sand bathing, re-invented!

The luxurious design of the MLX Quartz offers an immersive alpha quartz experience that promotes deep relaxation and sensory stimulation for the ultimate 21st century wellness experience.

The warm quartz sand cocoons the body, and feelings of stress symptoms melt away as the bed gently inverts and the built-in massage system works to release tension and promote better circulation. The MLX Quartz supports pain relief states and promotes immune systems function, leaving you feeling refreshed, rejuvenated, and peaceful.

The gentle yet deeply warming effects enhances the integration of signature treatments, massages and the use of sand poultices - creating a premium experience for the guest.

Elevate your clients' experiences with this natural wellness treatment offering a much-needed getaway from the stresses of daily life.

Features:

- Made of real wood
- Filled with alpha quartz sand
- Continuously adjustable heating system
- Two lifting columns for height and inclination adjustment
- Storage compartment and two drawers in the base
- Integrated face cradle made from soft PU upholstery
- Optional, foldable upholstery overlay for massages
- Standard upholstery color: White. Other colors from our color collection for an additional charge
- Optional scent diffuser
- Optional Dynamic Flow System
- Optionally with salt tiles inserts in the frame

- Height: approx. 65-90 cm
- Length: 217 cm
- Width: 87 cm
- Lifting capacity: 130 kg
- Load capacity of the table surface: 150 kg

The MLX Quartz table comes equipped with two lifting columns that enable users to adjust the height and inclination of the table. This feature ensures safe and effortless operation, as users can control the table from any position using the integrated desk panels and touch display located on the table frame. The MLX table offers a range of adjustable heights, from 25.6 to 35.4 in, making it ergonomically friendly for the user's back. Furthermore, the table can be inclined to a zero-gravity position, which is particularly effective for massage treatments targeting the back and

shoulder area. Notably, this inclination adjustment creates an ideal stretch that improves spinal health and targets back pain by helping to realign the spine, rehydrate spinal discs, alleviate nerve pressure, relax tense muscles, ease stress, improve joint health and improve flexibility. Beyond its wellness benefits, the warm alpha quartz sand provides a unique experience that can be customized with personalized color mixes for signature treatments. Additionally, the table's appearance can be tailored to specific preferences upon request.

Quartz mixtures

In addition to the pure quartz varieties, we also offer quartz mixtures with harmonizing additives. Persian blue salt, Himalayan salt or amber can be added to the quartz varieties for a very special wellness experience.

Persian Treasure

Persian blue salt is among the rarest rock salts on Earth and is therefore particularly precious. The salt crystals shimmer in harmonizing, relaxing shades of blue – from delicate aquamarine to dark sapphire blue.

The "color of the sky" is associated with several advantageous effects. The color blue is believed to have a calming and rejuvenating impact on both the mind and body, promoting psychological and physical equilibrium. Additionally, the salt's released ions have a beneficial impact on respiratory health. When combined with natural alpha quartz sand, Persian blue salt adds an elegant and exclusive touch to all treatments.

Blue salt Standard quartz	,-
Blue salt Golden Rain or Gold	,-
Blue salt Solid Ocean	,-

Himalayan Touch

The peaceful microclimate that is often found in mountains, forests, and coastal areas can be simulated in your treatment room by combining Himalayan rock salt and quartz sand. When the quartz salt blend is heated to a desired temperature, salt ions are released, resulting in ionization that enhances air oxygenation. The resulting benefits for both the mind and body include rejuvenation, revitalization, physical relaxation and tension relief, a calming effect, metabolic stimulation, and stimulation of the immune system.

Himalayan salt Standard quartz	,-
Himalayan salt Golden Rain or Gold	,-
Himalayan salt Solid Ocean	,-

Baltic Sunset

The combination of Baltic amber, known as the "Gold from the Baltic Sea," and quartz sand utilizes the calming properties of this unique blend. Amber is recognized for its ability to provide a sense of security, trust, and salvation, and is associated with various benefits, such as spiritual balance, increased energy, regulation of hormones, heightened joyfulness, body detoxification, anti-inflammatory properties (including on the skin), and immune system support. This blend is particularly recommended for a special Signature or Thalasso treatment.

Amber Standard quartz	,-
Amber Golden Rain or Gold	,-
Amber Solid Ocean	,-

Scent diffuser

This function provides a fragrant enhancement to the experience, to transport the guest to a realm of heavenly scents and ultimate relaxation. With three integrated fragrance chambers that can be easily controlled via the touch display, each chamber can be filled with a different scent, allowing the creation of unique and ethereal fragrance combinations.

Scent diffuser for aroma therapy

7--

The essential oil feature is easily controlled via the integrated, intuitive touch screen.

Salt tiles

Illuminated and heated salt tiles which generate negative ions to purify the air, can be optionally integrated into the sides of the spa table.

Quartz table or waterbed?

The MLX Quartz has the option of being equipped with water cushions. These can simply be placed on top of the warm quartz sand. 6 cushions will ensure that the water is evenly distributed, providing a warm, stable and supremely comfortable surface.

Optional upholstery overlay

With this upholstery overlay, the MLX Quartz can be turned into a "normal" massage table easily and efficiently. The four-piece upholstery is foldable and can be stored away to save space.

Cushions and covers

Our exclusive accessory set consists of various cushions and covers. The extensive set allows you to optimize your work perfectly.

Illuminated base

Incorporating advanced technology into equipment is a hallmark of Gharieni, and the integration of LED lighting into the MLX Quartz collection allows guests to be fully immersed in the treatment with subtle lighting features.

Sand in Motion

Dynamic Flow System

The built-in massage feature

Enhance the treatment experience with the fully integrated massage system, which provides a gentle massage for the neck and back. This system is pre-programmable and features air cushioning that can inflate or deflate to create a wave-like sensation for guests to enjoy simultaneously with a traditional massage or other body treatment.

Dynamic Flow System

The Dynamic Flow System...

...moves the quartz sand under the back area in gentle, wavy movements.

Quartz Poultice

The sand poultices are a great addition to the MLX Quartz as they come in various sizes to allow for diverse heat treatments.

Quartz Poultice Warmer

Large, incl. 10 Quartz poultices

7,-

small, incl. 10 Quartz poultices

7,-

Quartz Poultice Warmer including 10 quartz poultices

The Quartz Poultice Warmer maintains a consistent temperature for the quartz sand poultices. The heating system can be effortlessly managed from the front panel and an LED indicator displays the temperature status. The real wood frames are designed to match the MLX series, adding to the ambiance of your space. The cover aids in efficient heat storage and the larger model can even serve as a tray for the poultices.

Features:

- Table device for keeping the sand poultices warm
- Also suitable for heating hot-stones
- Made of real wood
- In two sizes
- Filled with alpha quartz sand
- Continuously adjustable heating system
- Including four large, two medium, and four small sand poultices
- Practical cover panel to prevent heat loss inside

Quartz Poultice Warmer, large

- Height: approx. 28,5 cm
- Length: 63,5 cm
- Width: 23,5 cm

Quartz Poultice Warmer, small

- Height: approx. 28,5 cm
- Length: 45 cm
- Width: 23,5 cm

Filled with quartz sand

Like the MLX Quartz, the poultice warmer is also filled with alpha quartz sand. This guarantees a uniform and sustainable heat release.

No unnecessary heat loss

The practical cover panel of the device prevents heat loss inside. In addition, it can be used as a practical tray on the large sand poultice warmer.

Welnamis

Waves of Wellness for Mind & Body

Welnamis

Waves of Wellness for Mind & Body with Binaural Vibroacoustics

Welnamis is an acoustic and vibrational technology that trains the brain to relax and benefit from deep relaxation techniques. Using specific vibrations and binaural audio frequencies, Welnamis makes it possible for even the busiest minds to achieve deep levels of relaxation in one session. Similar to meditation, specific sounds slow down mental activity and vibrational frequencies act specifically on the energy centers of the body.

The foundational technology is the Quantum Harmonic audio treatment. It delivers symptom-reducing and resilience-building multi-layered programs through stereo headphones. Welnamis can be combined with other spa and wellness treatments. For the pure Welnamis experience no therapist is required.

Features:

- Table surface with heated Aqua upholstery
- Height, inclination, as well as backrest and foot section electrically adjustable.
- Lowerable arm supports
- Head section +/- 30° tiltable
- Hand switch with locking and memory feature with four preset table positions
- Illuminated table surface and sides
- Soft PU upholstery can be exchanged for Aqua upholstery
- Inflation connection for optional Ayurveda cover
- Standard upholstery color: white or choco. Other colors from our color collection for an additional charge
- Base in five standard decors (see page 19), optional in other decors
- Mechanically retractable castors

- Height: 54-90 cm
- Length: 202 cm
- Base width: 55 cm
- Table surface width: 85 cm
- (Recommended) lifting capacity: 250 kg
- Load capacity: approx. 300 kg

MLW Amphibia Welnamis

Spa table incl. Welnamis System

Sink into an immersive experience that relaxes both body and mind

Soothing vibrations and calming binaural sounds enhance your mood and boost mental clarity and focus

Evidence-based for the management of stress, anxiety, low-energy and poor sleep quality

Your gateway to Wellbeing – Verified by Science

It's all about frequencies

The human brain is a remarkable organ, housing approximately 100 billion neurons that communicate through electrical signals. Despite their minuscule size, current science and technology have not yet advanced enough to detect individual neuron activity at such a detailed level.

Nevertheless, existing technology enables scientists to observe overall patterns of brain activity, providing insights into how neurons within the brain fire at any given moment. This collective brain activity exhibits a rhythmic pulse, akin to the functioning of the heart. These pulses, known as brainwaves, occur at various speeds, indicative of different mental states.

For instance, during deep sleep, the brain pulses approximately three times per second, while during intense concentration, it may pulse up to 50 times per second. Different frequencies of brainwaves have been associated with distinct "states of mind." Slower brainwaves evoke a sense of relaxation and introspection, whereas faster brainwaves can signify heightened concentration or stress.

All Welnamis Wellness programs have been thoughtfully crafted to stimulate various states, ranging from activation and relaxation to meditation and sleep.

Synchronization of brain waves using Audio- and VibroAcoustic stimulation

Binaural sounds (with both ears) are a psychoacoustic phenomena that is perceived when two sounds with slightly different frequencies are applied separately to each ear.

The brain automatically generates a third frequency, which results from the difference between the two original carrier frequencies. With the help of these frequencies it is now possible to specifically influence the different frequency ranges in the brain, as the neurons automatically try to adapt to the external frequency.

These sound frequencies, when precisely delivered, create synchronizations between the left and the right hemispheres of the brain. This process is called brainwave entrainment.

These binaural sounds are embedded in relaxing, specially composed music and work in a frequency range that is not perceptible to the human ear.

The second important feature of the Welnamis experience is the technology of pure synchronized sinewaves that are delivered through tactile transducers embedded in the surface of the spa table. Perceived as gentle vibrations which affect the energy centers of your body, this sinewave frequencies multiply and accelerate the brainwave entrainment process.

Welnamis offers a complete experience of impulses from audio and vibrational frequencies to calm the body and mind and bring both into a relaxed state.

Raffles The Palm Dubai

RLX Satori

Wellness Lounger

RLX Satori Wellness Lounger

Advanced Vibroacoustics

Found in the world's most exclusive wellness centers, clinical health environments, behavioral change clinics, therapeutic & rehabilitation centers and allopathic hospitals, Gharieni's Satori is a complete natural vibrational and binaural sound treatment, designed to fully synchronize body and mind.

This combination of mind-body stimulation is a powerful and effective tool for changing neural pathways and creating healthy behaviors. Vibroacoustic treatment has been clinically proven to create behavioral change in people recovering from stress, anxiety, sleeping disorders, and addictions, as well as in people looking to reduce stress symptoms and increase a calmer state in their lives.

Satori offers a non-invasive approach to delivering reliable and favorable outcomes without the need for medications, supplements, mechanical implements or electrical stimuli. The wellness lounger utilizes proprietary technology that releases specific sound frequencies that permeate the entire body. Additionally, synchronized binaural sounds and music, sometimes accompanied by guided meditation, guides brainwave patterns to states of relaxation, meditation, deep sleep, and heightened mental focus.

Features RLX Satori:

- Optional design variants
- Easy-to-clean synthetic leather cover
- Standard upholstery color: dark grey. Other colors from our color collection on demand
- Electrical inclination adjustment
- Heating for RLX Electric lounger surface
- Optional color-matched neck rest

- Access height: 42 cm
- Projection length: 190 cm
- Width: 70 cm
- Load capacity of the table surface: 160 kg

Options

Metal parts in special color
(white, titanium or dark brown are included in the price of the table)

Color upholstery:

- Synthetic leather standard, per color
- Synthetic leather Ferrari Stamskin Top, per color
- Synthetic leather Ferrari antibacterial coated, per color

Metawell RLX Satori

The Wellness Lounger

Rebalance the mind AND body with Binaural
sounds amplified by the power of tactile
frequencies

Evidence-based for symptoms of low-energy, lack
of sleep, anxiety, and stress

Unlock the path for Behavioral Change including
weight reduction & addictive behaviors

The Technology

All Satori programs utilize audio vibrations, or sine waves, embedded into a multilayered sound technology called Quantum Harmonics™.

These sound frequencies, when precisely delivered, create synchronization between the brain's left and right hemispheres.

This hemispheric synchronization results in a quieting of the mind, allowing deep relaxation, meditation, and dreamless sleep to occur.

Through repeated use, this entrainment process allows new neural pathways to be created, promoting lifelong behavior changes.

The Satori Programs

The Satori System offers a selection of nine programs, each with 4-6 sessions available. There are four programs that are non-verbal, and five programs that are voice-guided, all in English.

All of the relaxation and meditation programs guide the brainwaves to alpha and theta levels.

The behavioral change programs utilize the theta brainwave level, where the conscious mind is shut down, and the sub-

conscious mind is still active, to deliver guided meditation programs to the subconscious, creating lasting behavioral change.

The sleep and power nap programs are deep delta level programs that help retrain the brain to turn off the thinking mind and achieve states of deep delta sleep.

RLX Aurasens

Experience Lounger

RLX Aurasens Experience Lounger

A Journey for your Senses

Discover a whole new world of relaxation with RLX Aurasens, where mere serenity transforms into an adventure. It's a gateway to places unexplored, where every choice leads to a new discovery. This zero-gravity lounger is no ordinary chair. An artform for the sense of touch and hearing, it uses the 4 elements of Fire, Water, Earth and Air, to whisk you away to breathtaking landscapes and take you on a magical ride with immersive sounds that pulse through your body. Choose from handpicked experiences or play your favorite tunes, and it will navigate you through realms tailored to your deepest desires. RLX Aurasens is a true journey for your senses and your ticket to pure bliss, without you having to pack your bags.

The Experience Lounger

COMPOSED EXPERIENCES ELEMENTS

Recommended for those seeking relief from muscle tension, this experience taps into the vastness of passion to ignite the power from within and boost energy levels.

This element brings stimulation and invigoration, representing heat, light, and ultimately, transformation.

The experience lounge replicates the element of fire through unique sounds combined with pleasurable vibrations in varying intensities, moving under the body in pendulum-like movements, to restore balance and facilitate transformation.

'Fire' is a powerful journey that leaves you feeling enlivened and energized and has the ability to transport you to another time and place through sound and vibration.

The Fire journey provides a powerful and revitalizing experience that transports the user to another time and place through sound and vibration.

Recommended for those in search of profound relaxation and emotional healing.

This experience allows you to feel the gentle caress of waves, the soothing trickle of raindrops down your back, and the therapeutic properties of the ocean. The element of water has a cleansing and purifying effect always finds its way back to its source

'Water' provides a sensation of bubbles rising and enveloping your limbs, arms, and torso at varying intensities to simulate a feeling of immersion, from the safe-haven of the lounge.

As one basks in this feeling, they can hear the sound of waves lapping against their skin, while the resonating tones of a peaceful gong, help center the mind on the present moment.

With the combination of these multi-layered sensory experiences, individuals can achieve a state of tranquility and serenity.

Recommended to enhance balance and physical vitality.

This element facilitates grounding and alleviates mental stress while promoting a heightened sense of embodiment. Percussive rhythms combined with rumbling sensations that cascade down the body like tumbling stones, stimulate multiple parts of the body simultaneously- each with its own unique effect. This immersive experience emulates the very vibrations that underpin the universe, evoking a deep sense of expansion and creation.

The deeply satisfying and enlightening 'Earth' experience offers a holistic journey that engages the entire body.

Ideal for those in search of mental clarity and physical rejuvenation, this experience offers a unique opportunity to embrace the lightness of being at one with the element of air. By experiencing oneself as a blade of grass or a leaf swaying in the breeze, a sense of weightlessness and ease can be attained that is difficult to find in everyday life.

The mental benefits of the 'Air' experience are diverse- inspiring imagination and enhancing creativity. The physical effects are equally profound, as the entire body is stimulated with a particular focus on the acupuncture pressure points in the lower back and limbs.

'Air' is a journey through landscapes of mountains, valleys, deserts and oceans, all from the comfort of the experience lounge, to refresh the mind and restore the body.

The Technology

The unique patented technology includes powerful transducers that are integrated into the lounger and controlled by the AURASENS module. The position of each transducer in the upholstery is marked with embroidery, to ensure the perfect position for the optimal transmission of sound and vibration.

Wearing headphones, you're completely immersed in the sensations of the Gharieni AURASENS module while lying on the RLX Experience lounger. All programs are controlled with an iPad.

Unlimited and personalized experiences

Augmented Massage

The 21st Century Massage
Experience

Augmented Massage

Defying the boundaries of Human Touch.

Our vision of technology and wellness come together to create a World-first massage evolution where technology and human touch unite, offering an extraordinary journey of sensory immersion.

Enter a world that calms the mind and caresses the senses, through the age-old art of massage, harnessed by the power of an augmented touch experience in synergy with the symphony of nature's sounds.

Enter a world that calms the mind and elevates the senses, through the power of massage in harmony with nature's soothing sounds. The World-first where Technology & Human Touch unite, orchestrating a live performance that's truly spectacular. An extraordinary immersive experience, bespoke – every time.

At the forefront of innovation, Augmented Massage creates a symbiotic relationship between guest and therapist. Digital sensors follow the movement of the therapist, in synchronicity with music and soothing sounds delivered through multi-channel speakers. The harmonious fusion of movement and sound takes the guest on a journey of 'augmented' relaxation, wellness, and stress relief. This unique alignment not only enhances their experience, but also allows the therapist to elevate their artistry. Each gesture becomes a part of a musical masterpiece, thoughtfully and intuitively choreographed, setting the pulse and rhythm of an extraordinary and bespoke experience.

Features:

- Computer-controlled IR sensor
- Bose sound system with 9 speakers
- High quality sensor arm
- Real time monitoring display for easy use
- Stand alone plug and play
 - no additional room installation needed
- Actuators for adjusting the height, back, leg, and foot sections
- Swiveling and lowerable arm supports
- Hand switch with locking feature
- Quilted PU
- Standard upholstery color: white or choco. Other colors from our color collection for an additional charge
- Optional LED lighting strip for base lighting

- Total height: 187 cm - 219 cm
- Height of lying surface: approx. 57 cm - 89 cm

MLX i³Dome

Triple-Detox

MLX i³Dome/iDome

The Next-Gen Detox & Wellness Solution

Step into a new era of Detox Wellness. A powerhouse combining three highly effective methods in one to re-charge and revitalize the body and mind: Far-infrared tech, Plasma and Light Treatment.

The advanced technology targets deep tissue, promoting the removal of harmful toxins from the body. This detox process leaves you feeling re-energized and refreshed, with a noticeable improvement in overall wellbeing. A game-changer for athletes, MLX i³Dome is ideal for supporting sports recovery after intense workouts, as penetrating deep tissue helps reduce inflammation and promotes muscle recovery.

What's more is that MLX i³Dome supports the metabolism, boosting energy levels, and has been shown to reduce the symptoms of stress and depression.

When combined with the Plasma & Light Treatment (PLT) device, it offers measurable skin rejuvenation and detoxification, making traditional skin care treatments even more effective.

MLX i³Dome welcomes you to Next Level wellness and is your key to an evidence-based Mind and Body Detox.

Features:

- Available as iDome with Gharieni FIR technology or i3Dome with FIR technology and Plasma Light Technologie (PLT)
- Dome pneumatically adjustable with 2 gas lifts
- Lying surface height adjustable and inclinable at electric version
- Heated lying surface with electric version
- Also available as Static model without lying surface adjustment
- Spacious drawer
- Standard upholstery color: White. Other colors from our Stamskin color collection at extra charge
- Base available in many decors (option)
- Including lying surface extension and neck pillow

Lying surface extension

- Table surface height: approx. 53-83 cm (electric version)
53 cm (static version)
- Length: 225 cm (245 cm with extension)
- Total width: 90 cm
- Width lying surface: 70 cm
- Lifting capacity: 300 kg
- Load capacity of the table surface: 350 kg

Re-charge and Revitalize, while significantly
improving wellbeing

Evidence-based in reducing of symptoms of
stress and depression

Aids in accelerated sports recovery

Your key to a science-driven Mind and Body
Rejuvenation.

Far Infrared-Treatment

Metawell FIR technology stimulates the body with far infrared rays

First discovered by scientist Sir William Herschel in 1800, Far Infrared Rays (FIR) are the healthy rays contained in sunlight that are responsible for photosynthesis, the process used by plants to produce energy and without which, there would be no life on earth. Approximately 80% of solar energy is made up of FIR and 60% is between the range of 10-20 microns. Far Infrared Rays are invisible wavelengths of light that are longer than that of visible light.

Benefits include:

- sports recovery
- mental fitness and general wellbeing

Light Treatment

Scientifically proven and effective

Light treatment has been known for a long time and has been successfully used for decades. The effect of the colored light is reinforced by the negative ions.

Applications of red light therapy:

- Revitalizes, activates blood circulation, energizes,
- promotes vitality and creativity.

Applications of green light therapy:

- Harmony and regenerative, hopeful, soothes,
- creates balance within the rhythm of life.

Applications of blue light therapy:

- Celestial and peaceful, cooling, calming, quieting, and cleansing.

Plasma Treatment

Plasma for problem skin, anti-aging and revitalization

Plasma Technology is an innovative method for cosmetic treatments. During the application, clients are exposed to the energy of oxygen (O₂) in the form of applied electrically negatively charged ions.

Benefits include:

- Maintenance of skin health
- Visible improvement of sensitive skin
- Increase of vitality & suppleness
- Positive support of the metabolism

The MLX Dôme has numerous features. By means of its height adjustment, a low entry height of about 57 cm can be achieved along

with a maximum working height of 97 cm. For easy access, the dome can be opened and pushed together manually.

Extension of the lying surface

By utilizing the provided removable upholstery extension, the lying surface can be expanded by 20 cm, enabling tall clients to assume a comfortable reclined position.

Neck cushion included

For improved ergonomics, the MLX iDome features separate neck supports, along with a luxuriously cushioned lying surface, ensuring optimal comfort while reclining.

Tension strap for towels

To increase the effect of the IR sauna, a towel can be attached at the open side with a strap. This will keep even more heat inside the dome..

Storage space

On the Metawell MLX iDome (without PLT unit), two drawers and a spacious storage compartment in the base provide plenty of space for towels, work utensils and much more.

Palazzo Fiuggi
Fiuggi, Italy

G-Vac

Body Shaping & Rejuvenation

G-Vac

Wellness Beyond Gravity

Step into a groundbreaking Wellness technology that dramatically improves the way Lymphatic drainage treatments have been conducted in the past. G-Vac merges NASA's pioneering tech with evidence-based wellness to unleash a new dimension of beauty, recovery and wellbeing. All treatment programs harness the conditions to support the body's natural ability to restore balance.

Designed for holistic lower body rejuvenation, G-Vac unlocks a multitude of benefits by boosting lymphatic flow and optimizing blood circulation. Beyond the visible reduction in the appearance of cellulite and spider veins, it aids in post-exercise recovery and alleviates leg and foot discomfort, swelling and fatigue – revealing a contour that looks and feels refreshed and radiant.

Features:

- Electrically adjustable backrest
- Touch screen can be equipped with additional card reader
- Certified quality according to ISO / EN
- TÜV-tested, with CE-marking

- Total height: 140 cm
- Length: 220 cm
- Total width: 87 cm
- Width lying surface: 57 cm
- Load capacity of the table surface: 180 kg

Metawell G-Vac

Complete

,-,-

Treatment Programs

G-Vac treatments can be customized with targeted treatment programs and adjustable pressure settings. All programs have 'Basic' and 'Advanced' Options

Figure Training

Combines lymphatic drainage, detoxification, skin firming and tightening, reducing the appearance of cellulite and spider veins.

Regeneration & Performance

A great option for athletes after intensive sporting activities to aid with recovery, as maintenance to support the prevention of musculo-skeletal related injuries, and aid in optimized performance.

Health & Vascular Training

Passive exercise for the vascular system to boost circulation in the lower body, alleviate swelling and provide relief for 'heavy', sore legs and feet.

Wellness & Vitality

Lymphatic drainage, combined with the benefits of nitric-oxide (NO) release and improved circulation for increased levels of vitality and wellbeing.

Cellulite Under Pressure

Cellulite occurs when fat deposits push through the connective tissue beneath the skin. The fat cells store toxins and metabolic waste products, which can only be removed through the lymphatic system. Because the lymphatic system has no pump- like the heart in the cardiovascular system, flow of the lymphatic fluid is reliant predominantly on skeletal muscle action. This action is impaired when the connective tissue, found under the surface of the skin, is weak - even with exercise.

Early testing has verified the effectiveness of negative pressure treatment against cellulite.

Beauty Beyond the Surface

G-Vac provides an opportunity to experience a new level of self-confidence, with the reduced appearance of cellulite, toned hips and thighs, and smooth, revitalized skin. It unveils the beauty from within, in a relaxing and touchless way.

The results speak for themselves.

- Significant reduction in thigh and hip circumference
- Reduction of spider veins
- Reduction of orange peel skin
- Reduction of skin dryness
- Improvement in skin tone
- Reduction in the feeling of 'heavy legs'

The Technology

Technology Pioneered by NASA

With a substantial body of scientific and clinical evidence supporting the benefits of Intermittent Vacuum Therapy, G-Vac serves as a gateway to transformative wellbeing. The technology behind G-Vac's foundation is employed by NASA in manned space travel, to maintain astronauts' lower body blood circulation in the absence of gravity.

Intermittent Vacuum Therapy (IVT) or Negative Pressure Body Therapy (NPBT) utilizes a controlled suction and pushing action to gently lift, compress and decompress the lower body in the G-Vac chamber. This alternating cycle stimulates blood flow and promotes lymphatic drainage, while simultaneously reducing muscle tension in a non-invasive way.

The combination of evidence-based and touchless technology opens the door for G-Vac to seamlessly integrate into the luxury spa, wellness, sports or medical wellness space, to elevate the guest experience and optimize the desired goals and outcomes.

Red Light Module

Can be added to any program to enhance the treatment benefits.

Red and near-infrared harnesses the power of specific wavelengths of light to stimulate the skin's natural healing and rejuvenation processes. This non-invasive treatment offers a multitude of benefits, including the enhancement of collagen and elastin production, which are vital proteins for maintaining skin elasticity and firmness. Additionally, it aids in reducing inflammation, accelerating wound healing, and enhancing skin health and appearance.

Libra Edge

Hydrotherapy Reimagined

Libra Edge

Libra Edge is the ultimate synergy between technology and nature – creating an unparalleled water wellness experience that redefines hydrotherapy. A unique choreography of varying water temperatures and pressure carries each guest on a personalized journey of balance, invigoration, or deep relaxation. As the aquatic symphony unfolds, the power of touch, color, scent and sound engages the senses to deliver an immersive, transformative and unforgettable escape.

Water can be profoundly influential, and is synonymous with a sense of refreshment, cleansing and renewal. Libra Edge provides an exceptional way to leverage the physical and symbolic characteristics of water, encompassing facets such as temperature and pressure, to gently comfort and invigorate the individual.

Features:

Libra Edge Wet Table

- Base made from Corian®
- Table surface with air/water cushion
- Electrical height and inclination adjustment
- Integrated 2-point water drain for optimum drainage, even in an inclined position
- Splash guard to protect the face
- Optional: integrated steam sauna with attachable steam cover

Libra Edge with horizontal shower

- Features such as Libra Edge Wet Table
- Shower arm with Kohler® technology,
- Intuitive operation via touch screen display
- Splash guard to protect the face
- LED chromotherapy system
- Optional: Aroma capsule system for hand shower
- Optional: Kohler® Music Soundsystem
- Optional: Integrated steam sauna with steam cover

Libra Edge Wet Table

Without horizontal shower

,-,-

- Table surface height: approx. 63-100 cm
- Height including arm: approx. 190 cm
- Table surface length: approx. 203 cm
- Length including arm: approx. 236 cm
- Width: approx. 85 cm max.
- (Recommended) lifting capacity: 300 kg
- Load capacity of the table surface: 350 kg

Libra Edge offers a thoughtfully designed hydrothermal experience, tapping into the guests' emotions by bringing back the memories of standing in the summer rain or sitting underneath the gentle massage of a waterfall.

The experience involves a therapist using strategically placed showerheads to direct streams of warm water over the guest's body while they lie on the table. It is often combined with other treatments, such

as massage, and using specific products like body wraps, exfoliating treatments, or a moisturizing facial. The combination of water pressure and massage techniques can help stimulate blood circulation, relax muscles, and promote a sense of overall relaxation and well-being. Further benefits may include fighting off fatigue, stress, and aid in the removal of toxins by stimulating the skin.

Steam sauna

With the attachable steam cover and steam nozzles integrated into the table surface, the Libra Edge can quickly and easily turn into a steam sauna.

Water or air cushion

The water or air inflatable table cushions offer your customers perfect lying comfort, a relaxing waterbed feeling, and the relaxing sensation of floating on clouds.

Face Shield

We offer the Face Shield for those for whom splashing on the face is uncomfortable. In the lying position, it effectively protects the customer's face from unwanted contact with water.

Music and sound system

The optional Kohler® sound system waterproof speakers integrated into the shower arm provide relaxing sounds during treatments.

Special options

Integrated steam sauna with attachable steam cover	5.198,00
LED chromotherapy system	1.313,00
Kohler® Music Soundsystem	2.783,00
Hand shower with aroma capsule system	683,00

Aroma capsules

The optional aroma capsule system at the outlet of the hand shower completes the relaxing water experience perfectly: Just insert the aroma capsule and the soothingly aromatic water starts flowing.

LED lighting

The integrated LED lighting bathes the table surface and base with a changing color gradient or individually selectable shade in atmospheric light. This can also be used for chromotherapy.

Accessories

Face Shield replacement membranes, 6 piece	,-
Aroma capsules, 10-pack with one variety, 8 different scents to choose	,-

reLounge ZeroG

Back on Track

reLounge ZeroG

The Future of Touchless Back Pain Relief

ReLounge ZeroG is a groundbreaking innovation designed to elevate any space and the caliber of services provided within.

A revolution in back pain management, it combines four powerful solutions—E-Stimulation, Heat, TENS, and Massage—into one seamless device. Engineered for neck, back, and shoulder pain relief, ReLounge ZeroG delivers results in just 20 minutes, and after just one session, making it perfect for standalone sessions or integration into wellness circuits.

In an era where back pain is a commonality, affecting 80% of the population at some point in their lives, the demand for an effective relief system is undeniable. ReLounge ZeroG steps in as the touchless, medically certified solution that's not only FDA cleared but also rooted in evidence based practices.

Discover peace of mind and relief with ReLounge ZeroG, the touchless solution that promises to transform your approach to back pain (and neck and shoulders too!)

Features:

- Base made from real wood
- Table surface with integrated electrodes
- Available with electrical inclination adjustment or static version
- Integrated ambiance light (illuminated base)

reLounge ZeroG

With electric adjustment	7,000
Static version	5,000

- Table surface height: approx. 54 cm
- Table surface length: approx. 210 cm
- Width: approx. 72 cm max.
- Load capacity of the table surface: 350 kg

Pain Relief for Neck, Back & Shoulder Pain

4 Solutions in one device (E-Stimulation, Heat, TENS,
Massage)

FDA cleared and Medically Certified

Evidence Based

Integrated stimulation electrodes

ReLounge works with medium-frequency impulses that are delivered to the back via 24 electrodes and are perceived as a tapping, kneading or stroking massage. An additional heat function combines intensive muscle stimulation with a pleasant warm massage.

Simple operation

The various back stimulation programs can be conveniently selected via the control unit installed on the lounge using the touch screen.

LED lighting

The integrated LED lights give the base a particular look and illuminate the treatment room in a pleasant light. Different colors and brightness levels can be set using the hand control.

Wooden base

The base impresses with its elegant and sustainable design. Made from real wood, the ribbed construction ensures optimum stability and a very special look.

Zestós DryFloat

The Art of Floating

Zestós DryFloat

Soothe, Balance & Recharge

Imagine a place where gravity loosens its grip and where your body lightens, floating on an invisible sea. This isn't just a dream—it's the reality awaiting you with Zestos DryFloat. Here, weightlessness envelops you gently, as if you're being cradled by the hands of tranquility, and every stress and strain of the world dissipates into thin air.

The magic lies in the unique design. The bed remains stationary, while the water rises in perfect alignment with your body. Through a veil of flexible foil, you are touched by the warmth of water, experiencing a softness in transition from lying to floating. With only one-seventh of your body weight felt, the sensation of floating on water becomes a tangible reality.

Benefits:

- Warming and relaxation of the muscles
- Improved blood circulation
- Provides Relief for joints, the pelvis, spine & the complete skeleton
- Alleviates Pain
- Positive effects on anxiety, stress, depression and quality of sleep

Features:

- Tear-resistant, conformable special film.
- Emergency call device for connection to on-site installation
- Plastic panelling and substructure.
- Panelling: standard black or white
- Base: black
- Foil: grey-white, translucent special foil
- Optional Spa Ambience coloured light module
- Complete system can be moved
- Inclined head section
- Optional Multimedia Advance system with built-in sound and sound wave massage
- Optional Spa Ambience coloured light module
- Optional Jet Massage module

Zestós Dryfloat

- Table surface height: approx. 62-85 cm
- Table surface length: approx. 244 cm
- Width: approx. 109 cm max.
- Weight without water: approx. 230 kg.

MLX Limber series

Gharieni MLX Limber

With its numerous adjustment options, the MLX Limber enables unique flexibility – for a new dimension in your treatments.

Four different model versions, each available with or without storage space, provide the optimal tool for every need. In the “Flex” top model, the arm supports can be lowered at both ends, which makes the table usable on all sides. The oval-shaped table surface and the extremely narrow base allow for better access to the head/neck and leg areas. Up to six actuators allow extreme positions and thus make the Limber a multifunctional table with unmatched flexibility.

The optional storage space in the table base allows for the practical storage of work instruments and equipment such as two medium-sized Hot Cabis.

Features:

- Available in four table surface versions
- Depending on the version, height, inclination, head, back, leg, and/or foot section are electrically adjustable
- Hand switch with locking and memory feature with four preset table positions
- Lowerable arm supports
- Arm supports swivel horizontally
- Inclined head section(s) with face cradle
- Trendelenburg feature
- With PU comfort upholstery in two thicknesses or synthetic leather upholstery
- Standard upholstery color:
Synthetic leather: White. PU: White and Choco
Other colors from our color collection for an additional charge
- Base in white or wenge, optional in other decors
- Doors made of Corian®
- Depending on the model with generous storage space in the base, for example for up to two medium-sized Hot Cabis

- Height: approx. 63-100 cm
- Length: approx. 203 cm
- Width: max. approx. 85 cm
- Lifting capacity: 300 kg
- Load capacity of the table surface: 350 kg

MLX Limber with soft upholstery

MLX Limber series

Gharieni Limber Flex

For ultimate maneuverability, the Limber Flex is equipped with low-erable, swiveling arm supports on both the head and foot sides, as well as an inclinable head section with face cradle. This makes it

possible to use this table model from both sides, and completely new treatment positions can be set for a spa table. – Limber Flex: Treatments without limits!

Gharieni Limber Pro

Thanks to its lowerable arm supports and inclinable head section with face cradle, the Limber Pro is also suitable for treatments in

prone position. The fold-down foot section provides relief for the feet. In addition, it also allows foot treatments.

MLX Limber series

Gharieni Limber Podo

The Limber Podo is extremely versatile. In addition to the complete functions of a high-class spa table, the Podo version offers laterally swiveling and lowerable footrests. These allow, in addition to classic foot treatments, the use of a matching mobile PediSpa tub.

Gharieni Limber Classic

This version is equipped with two lowerable arm supports, a tiltable head section with face cradle, and a full-length table surface. For classic facial and spa treatment.

MLX

Gharieni MLX

Our exclusive designer table for spa and wellness. Despite the customer-friendly low step height of 58 cm, the table base offers practical storage space. The removable arm supports and covers, for example, and other table accessories can be stowed within reach here.

Four actuators allow for optimal adjustment options, of which up to eight can be stored as memory positions. Removable arm supports and fold-down frame in the head area make the MLX a perfect work tool for professionals. For individual requests, the features of the MLX as well as its "look" can also be customized.

Features:

- Large storage space
- Two removable arm pads
- Face cradle
- Four actuators for electrical adjustment of height, back, leg, and foot sections
- Trendelenburg feature
- Hand switch with locking and memory feature with four preset table positions
- Soft, robust PU upholstery
- Also available in synthetic leather
- Optional: Soft upholstery
- Standard upholstery color:
Synthetic leather: White. PU: White and Choco
Other colors from our color collection for an additional charge
- Base in five standard decors (see page 19), optional in other decors
- Base with two small drawers and a folding compartment
- Frame in the head area folds away, for a better accessibility of face and décolleté

- Height: approx. 58-98 cm
- Length: 203 cm
- Width: 80 cm
- Lifting capacity: 300 kg
- Load capacity of the table surface: 350 kg

MLX

4-actuator

,-,-

MLX

This exclusively-designed spa table can be optimally adjusted electrically via four actuators. Thus, not only is a customer-friendly step height of 58 cm possible, but also the adjustability of the backrest by approx. 70°, the leg area by about 23°, and the inclination angle of the table surface by about +/- 15°. Eight storable memory posi-

tions also allow the Wellmassage 5D, which is specially-designed for the MLX. Thus, customers experience an innovative, extraordinary massage experience and therapists are able to work effortlessly and in a back-friendly fashion.

Trendelenburg feature

In this zero-gravity table position, the head section is particularly low and the foot section is raised. This allows customers to relax very deeply.

Spa table with large storage space

The MLX is equipped with a spacious storage space in its base. It consists of a combination of two drawers and a large folding compartment..

Removable arm support upholstery

Simply remove the upholstery of the arm supports at the height of the head section and fold the frame down – your customer will then be able to lay down their arms comfortably during all prone treatments.

Available as a Wellmassage 5D special edition

With eight pre-set table positions and special treatment steps, high tech & high touch come together to form a treatment for exceptional deep relaxation.

MLR Transform

MLR Transform

A beacon of finesse and functionality, the MLR Transform is a game-changer for the treatment room. From a traditional Thai-massage, to an intricate facial, all is made possible with its capacity to lie flat on the floor, and then within seconds, effortlessly transition to a conventional spa table elevated off the ground.

Flaunting fine lines that exude elegance and beauty, the MLR Transform is not just a spa table- it's an emblem of opulence and versatility.

Features:

- Fully retractable couch with double lifting column technology
- Height, inclination, back and leg area electrically adjustable
- Lying surface can be widened by folding side sections
- Trendelenburg function
- Robust PU upholstery
- Face cradle
- Soft upholstery optional
- Standard upholstery colour: White or Choco. Other colours from our colour collection at extra charge
- Hand switch with locking and memory feature with four preset table positions

- Table surface height: approx. 17-89 cm
- Table surface length: approx. 200 cm
- Width including side panels: approx. 118 cm.
- (Recommended) lifting capacity: 160 kg

MLR Transform

4-actuator

MLR Transform

Clear design, high functionality

The Gharieni MLR Transform can be adjusted electrically using four actuators. The reclining surface can be widened to 118 cm and lowered to the floor using two folding side upholsteries. The adjustment angle of the backrest is approx. 70°, the leg area approx. 25°

and the angle of inclination of the reclining surface approx. +/-15°. This means that the four-part lying surface can be adapted to almost all treatment requirements.

Flat on the floor

The MLR Transform's ability to lie completely flat on the floor at a generous span of 120cm is nothing short of revolutionary, making it ideal for treatments that require ground-level access such as Thai-massages.

The Magic of Transformation

Within seconds, the transformative nature of this table means that it can be elevated off the floor and narrowed to a standard spa table width of 80cm, rendering it a practical option for treatments such as regular massages or facials.

Trendelenburg feature

In this zero-gravity table position, the head section is particularly low and the foot section is raised. This encourages a state of deep relaxation.

Optimal heat regulation

The MLR Transform has a heated lying surface with adjustable temperature control and automatic switch-off as a standard feature, ensuring maximum guest comfort during treatment.

MLR Classic

Gharieni MLR Classic

The purist MLR Classic has – like the MLX designer bed – two strong lifting columns, which permit a wide range of reclining positions. The absence of storage space in the lower area ensures optimal legroom during treatment.

Height, inclination, as well as back and foot sections are electrically adjustable. In addition, the MLR is equipped with a Trendelenburg feature and a locking feature; and of course there is also a face cradle in the rest.

As an additional option, there is a programmable heating system with automatic switch-off as well as a foot switch for controlling the basic functions.

Features:

- Face cradle
- Height, inclination, as well as back and foot areas are electrically adjustable.
- Base made from wood decor
- Metal edge protection at the base
- Trendelenburg feature
- Locking feature
- Robust synthetic leather upholstery
- Optional PU and soft upholstery
- Standard upholstery color:
Synthetic leather: White. PU: White and Choco
Other colors from our color collection for an additional charge
- Base in five standard decors (see page 19), optional in other decors

- Height: 57-97 cm
- Length: 203 cm
- Width: 80 cm
- Lifting capacity: 300 kg
- Load capacity of the table surface: 350 kg

MLR

4-actuator

,-,-

MLR Classic

Clear design, high degree of functionality

The MLR Classic can be optimally adjusted electrically via four actuators. Thus, not only is a low step height of 57 cm possible, but also the adjustability of the backrest by approx. 70°, the leg area by around 25°, and the inclination angle of the table surface by about

+/- 15°. The four-part table surface can thus adapt to almost all treatment requirements.

Edge protection on the base

The high-end edge protection on both ends of the table base prevents unsightly wear and damage to the decor. This keeps the MLR always looking well-maintained.

Trendelenburg position

Customers will find particularly pleasant relaxation in the zero gravity bed position with lowered head and raised feet.

Extreme legroom

The MLR offers maximum legroom for all treatments thanks to the particularly slim and elegantly designed lifting columns and the absence of storage space in the bed base.

Also as a wet table version

With a water-resistant PU cover and water-resistant base, the MLR is also perfect for all wet and outdoor treatments (for details see page 156).

MLR Select series

Gharieni MLR Select

Your very own personal wellness couch. Our Gharieni MLR Select follows this principle with its three different basic variants, "Alu", "Wood", and "Static", each in three upholstery widths.

Intentionally, storage space has been omitted here to ensure optimum legroom. With its reduced design, this couch does not need to hide behind its "big sister", the MLX. Two strong lifting columns, lowerable and swiveling arm supports, adjustable head, back and leg sections as well as an optional fold-down foot section make the MLR Select a versatile work tool. In addition, the couch is equipped with a Trendelenburg function and a locking function.

Another option is a programmable heating system with automatic switch-off, as well as a foot switch for controlling the basic and memory functions.

Features:

- Three basic versions with wood or aluminum trim or for direct floor mounting
- Height, inclination, as well as back and foot areas are electrically adjustable.
- Swiveling and lowering arm supports
- also available in a pro version with fold-out foot section
- Trendelenburg feature
- Robust PU upholstery in four widths
- Face cradle
- Optional soft upholstery
- Standard upholstery color: White or choco. Other colors from our color collection for an additional charge
- Hand switch with locking and memory feature with four preset table positions
- Optional with scent generator for aroma therapy

- Height: 61-91 cm
- Length: 200 cm
- Width: 76 cm / 85 cm / 92 cm
- Lifting capacity: 300 kg
- Load capacity of the table surface: 350 kg

Optional lighting (Spa Ambience Light)

Gharieni MLR K8

Equipped with storage compartments and an optional integrated warming drawer, the MLR K8 has the same features as our proven MLR Select models.

Two strong lifting columns, lowerable and swiveling arm supports, adjustable head, back, leg and foot sections as well as an optional fold-down foot section make the MLR K8 a versatile work tool. In addition, the couch is equipped with a Trendelenburg function and a locking function.

Another option is, a programmable heating system with automatic switch-off, as well as a foot switch for controlling the basic and memory functions.

Features:

- Base with storage compartments and optional warming drawer
- Height, inclination, as well as back and foot areas are electrically adjustable.
- Swiveling and lowering arm supports
- also available in a pro version with fold-out foot section
- Trendelenburg feature
- Robust PU upholstery in two widths

- Length: 200 cm
- Width: M 85 cm / L 92 cm
- Lifting capacity: 300 kg
- Load capacity of the table surface: 350 kg

Gharieni MLR Select Vintage

The unique MLR version with storage space in a retro design is an absolute highlight. The base with exclusive metal-wood look offers extensive storage space for towels and everything else you need for your work.

Like the other members of the MLR Select family, the Vintage has two strong lift columns, lowering and swiveling arm supports, adjustable head, back, leg, and foot sections, and an optional fold-down foot section. In addition, the table is equipped with a Trendelenburg feature and a locking feature.

As an additional option, there is a programmable heating system with automatic switch-off as well as a foot switch for controlling the basic and memory functions.

Features:

- Base with vintage design in metal-wood look (standard monochrome decor)
- Multicolor design possible
- With side panels
- Height, inclination, as well as back and foot areas are electrically adjustable.
- Swiveling and lowering arm supports
- Also available in a pro version with fold-out foot section
- Trendelenburg feature
- Robust PU upholstery in three widths
- Face cradle
- Optional soft upholstery
- Standard upholstery color: White. Other colors from our color collection for an additional charge
- Hand switch with locking and memory feature with four preset table positions

MLR Eco

Gharieni MLR Eco

The puristic Gharieni MLR Eco has two lifting columns that allow a wide range of lying positions. The absence of storage space in the lower area ensures optimal legroom during treatment. Four preset and two storable treatment positions as well as control via wired hand control or optional Bluetooth foot control further facilitate daily work. The pleasantly soft PU upholstery is available in the sizes "small" and "medium".

Features:

- Height, leg and back area electrically adjustable
- Arm supports can be lowered
- Robust PU upholstery in two widths
- Soft upholstery optional
- Available in three Versions: Black, white and choco
- Hand switch with locking and memory feature with four preset table positions
- Optional: Bluetooth foot switch

MLR Select series

Practical & Versatile

Do not be fooled by the simplified design of our MLR Select! In terms of adjustability, versatility, and ergonomics, it also meets the highest demands. The head section can be tilted by $\pm 30^\circ$. With two lifting columns, the height can be adjusted electrically, the back and leg

sections can be adjusted by 70° or 30° , and the arm supports can be lowered by approx. 15 cm. The inclination of the table surface can be adjusted by $\pm 15^\circ$.

Fold-down foot section

The optionally available fold-down foot section not only facilitates treatment of the feet; but also allows their relaxed, natural position with massages in the prone position.

Trendelenburg position

Customers will find particularly deeper relaxation in the zero gravity bed position with lowered head and raised feet.

Swiveling arm supports

The swiveling arm supports give your treatments the necessary freedom: Simply swivel them backwards and you're able to "freely" work on the head, neck, and décolleté area. The pads can be locked in four positions.

Holder for magnifying lamp

A practical option is the retractable magnifying lamp holder made of stainless steel. It was developed for the "Circle" LED magnifying lamp and simply disappears under the bed surface when not in use.

MO1 Evo Neo series

Gharieni MO1 Evo Neo

Our MO1 Evo Neo has an extremely low access height from 50 cm. This table allows even very short or physically restricted customers comfortable and convenient access. The arm supports can be electrically lowered and swiveled on request (exception: the MO1 Evo Neo with removable headrest). The optional storage space in the base is flexible and configurable. This way, Hot/Cool Cabis can be integrated on the head and/or foot side. Three table surface versions ensure individual adaptability.

Whether it's standard/soft upholstery or full-length table surface with attachable headrest (without arm supports) – simply choose the table that best suits your needs! Optionally, the MO1 can even be equipped with Breast Contouring System. This ensures that for women, the chest area is relieved in the prone position.

Of course, all models can also be individually configured for upholstery color and basic decor. Ask for our current color and decor patterns!

Features:

- Extremely low access height of 50 cm
- Up to six actuators for adjusting the height, back, leg, and foot sections and optionally for the arm supports as well
- Swiveling arm supports (not on the MO1 with removable headrest)
- Hand switch with locking and memory feature with four preset table positions
- Quilted PU upholstery in three widths
- Three available upholstery versions
- Optional storage space in the base (open or closed)
- Mechanical (optionally electrical) retractable castors
- Standard upholstery color: white or choco. Other colors from our color collection for an additional charge
- Base in five standard decors (see page 19), optional in other decors
- Optional LED lighting strip for base lighting
- Bracket for attaching a (magnifying) lamp optional
- Optional with scent diffuser for aroma therapy

MO1 Evo Neo with soft upholstery

MO1 Evo Neo with removable headrest (without arm supports!)

MO1 Evo Neo series

Extremely low access height

With a height adjustability of 50-82 cm, the MO1 Evo Neo is the ideal table model, even for short or physically restricted customers; because the minimum height of 50 cm makes it easier to get in and out of the table. In addition, the MO1 Evo Neo offers optimal adjustability. Thus, the head section can be tilted by +60°/-35° and the

arm supports can optionally be electrically lowered at the push of a button. The backrest can be set up to 70° and the leg section up to 20°. And for "your" perfect table model, configure the MO1 Evo Neo with a soft, standard upholstery, or a full-length upholstery with a clip-on headrest.

Integrated Hot/Cool Cabi

Integrated compartments in the MO1 Evo Neo on the head and/or foot side of the table base allow Hot and Cool Cabis to be stored. It's a great way to work and your workspace will always be tidy.

Swiveling arm supports

If you need a lot of space for the facial, you don't necessarily have to go without arm supports. The swiveling arm supports give you the necessary free space. Simply swivel them backwards and you're ready to "freely" work on the head, neck, or décolleté area.

Optional: Holder for (magnifying) lamps

The extendable (magnifying) lamp holder made of stainless steel is completely new. When not in use, it simply disappears under the table – a feature no other manufacturer offers. The matching Flex LED magnifying lamp allows for precision while working.

Optional: Aroma therapy

Wellness with all the senses: Immerse your customers into a world of soothing scents during treatment. Your treatment will be a fragrant experience thanks to the integrated scent diffuser.

MO1 Max series

Gharieni MO1 Max series

The Gharieni MO1 Max Series offers perfect lying and working comfort. The special feature: the compact base of the table moves upwards with the lying surface and can be equipped with normal storage compartments as well as -optional- with a warming drawer. This ensures both optimal legroom and easy access to your work utensils during treatment.

Four preset and two storable treatment positions as well as control via wired hand switch or optional Bluetooth foot switch additionally make daily work easier. The pleasantly soft PU upholstery is available in the sizes "Small" and "Medium".

The main difference with the MO1 Cruze model is that **it can be lowered to 48cm (ADA compliant)**.

Features:

- Available in two versions: Mo1 Max and Mo1 Cruze with an ultra-low entry
- Base with storage compartments and optional warming drawer
- Height, leg and back area electrically adjustable
- Arm supports can be lowered
- Robust PU upholstery in two widths
- Soft upholstery optional
- Also available with lower flat upholstery
- Standard upholstery color: white or choco. other colors from our color collection available at extra charge
- Base in five standard decors (see page 19), optional in other decors
- Hand switch with locking and memory feature with four preset table positions
- Optional: Bluetooth foot switch
- Optional with Breast Contouring System
- Optional with fragrance generator (aroma therapy)
- MO1 Max also available with High Performance lifting columns with approx. 60% more lifting force and 25% higher speed

- Height Mo1 Max: 54-92 cm
- Height Mo1 Cruze: 48-80 cm
- Length: 204 cm
- Width: S 76 cm / M 85 cm
- Lifting capacity: 250 kg / 400 kg (High Performance)
- Load capacity of the table surface: 300 kg / 450 kg (High Performance)

MO1 Max series

Storage space and legroom

The functional MO1 Max has a large storage space that can be adjusted in height with the lying surface. In addition, the MO1 Max offers extensive adjustment options. The headrest can be tilted by

+60°/-35° and the armrests can be lowered and swivelled by means of a gas pressure spring. The backrest can be adjusted up to 70° and the leg section up to 20°.

Lift-up storage space

The special feature of the MO1 Max: The storage compartments are located directly under the lying surface and are lifted up with it. This means they are easily accessible at all times..

Warming drawer

With the optional warming drawer, compresses, herbal pouches or preparations can be brought to the perfect temperature through six preset heating programs. Internal dimensions: 97 mm (H) x 535 mm (W) x 410mm (D), power, max: 810 W

Spa Ambience Light

The hidden LED strip at the base of the couch adds a light accent in your desired color to the MO1 Max and provides atmospheric lighting in your treatment room.

Integrated Hot Cabi

The storage compartment in the base of the MO1 Max treatment table allows you to store a small Hot Cabi. This allows you to work in a particularly practical way and your treatment room is always tidy.

MLW F1 Neo series

Gharieni MLW F1 Neo

The spa table with a special design! The advancement of the MLW Neo has a narrow base, is just 57 cm wide, and features specially curved front ends. These features allow more foot and legroom, making it easier to work on massages and cosmetic treatments. The comfortable full-length upholstery is available in two thicknesses, offering exceptional comfort for every need – even for longer treatment sessions.

A particular highlight is that the wood side panels can be replaced with new ones if necessary. This way you can always adapt the table to your personal ambience.

Features:

- Narrow base trim and gently curved front ends for more legroom
- Configurable equipment
- Exchangeable side wood decor casing
- Up to six actuators for adjusting the height, back, leg, and foot sections and optionally for the arm supports as well
- Hand switch with locking and memory feature with four preset table positions
- Lowerable and swiveling arm supports
- Head section +/- 30° tiltable
- Full-length molded PU upholstery with memory foam in three widths
- Standard upholstery color: white or choco. Other colors from our color collection for an additional charge
- Base in five standard decors (see page 19), optional in other decors
- Mechanically retractable castors

- Height: 58-91 cm
- Length: 203 cm
- Width: S 76 cm / M 85 cm / L 92 cm
- Lifting capacity: 250 kg
- Load capacity of the table surface: 300 kg

Medium (width: 85 cm)	,-,-
Large (width: 92 cm)	,-,-

MLW F1 Neo with standard upholstery

MLW F1 Neo with soft upholstery

MLW F1 Neo series

More comfort with six actuators

Our size M and L MLW F1 Neo models are now also available with six actuators. For more comfort, the arm supports – in addition to height, back, leg, and foot area adjustment – can also be controlled synchronously. In addition to direct settings via pushbuttons on the arm supports themselves, their setting can be conveniently saved

using the memory functions. This allows the F1 to be moved to the programmed positions with a single push of a button. The table surface can be adjusted from 58-91 cm in height, the backrest by about 70°, the leg area by about 25°, and the foot by up to 18°. The head section can be tilted by +/- 30°.

Swiveling arm supports

If you need a lot of space for the facial, you don't necessarily have to go without arm supports. The swiveling arm supports give you the necessary free space. Simply swivel them backwards and you're able to "freely" work on the head, neck, and in the décolleté area.

Exchangeable wood trim

Looking for a new design? Why not just swap out the entire table? The side trim on our MLW F1 Neo Wood can be very easily exchanged. Our numerous decors offer something for every ambience and a new, fresh look!

Specially formed front ends

The curved shape of the front ends made of aluminum provide you with enough legroom for all kinds of treatments. This way you can work in comfortably and enjoyably. The parts are available in different colors.

Spa Ambience Light

The concealed LED strip on the table base adds a light accent in your desired color to the MLW F1 Neo and ensures atmospheric lighting in your workspace.

Options (more info. after page 14)

MLW Neo series

Gharieni MLW Neo

Variable and individual: From the upholstery to the casing, many elements can be individually selected with this classic spa table.

The low height of about 57 cm facilitates access and the maximum height of 92 cm allows back-friendly working. Table area widths in Small (76 cm), Medium (85 cm), and Large (92 cm) are available. In addition to the standard version, there is a soft PU upholstery available as well, offering exceptional comfort to meet every need – even during longer treatment sessions. .

Equipped with four actuators, the treatment positions can be set on this couch as well as two freely storable memory positions with the memory handset. The arm supports can be lowered by pneumatic springs.

Features:

- Table surface in three widths (S, M, and L)
- Height, back, leg, and foot section electrically adjustable
- Hand switch with locking and memory feature with four preset table positions
- Lowerable arm supports
- Head section +/- 30° tiltable
- Soft PU upholstery as standard and soft version
- Standard upholstery color: white or choco. Other colors from our color collection for an additional charge
- Base in five standard decors (see page 19), optional in other decors
- Mechanically retractable castors

- Height: 57-92 cm
- Length: 203 cm
- Width: S 76 cm / M 85 cm / L 92 cm
- Lifting capacity: 250 kg
- Load capacity of the table surface: 300 kg

Large (width: 92 cm)	,-,-

MLW Neo with soft upholstery

MLW Neo series

Gharieni MLW Amphibia Neo

Whether for classic facial and whole-body treatments “on land” or relaxing spa applications “on water,” the MLW Amphibia combines both: The Aqua upholstery, as well as the firm padding, allow for a very flexible variety of treatments, even those currently in vogue. The four actuators allow for a variety of height, back, thigh, and leg section adjustments. The access height is 54 cm. The head section can be tilted up and down by 30° each with a pneumatic spring and the arm supports are also continuously lowerable and therefore ideal for back treatments!

Features:

- Table surface with heated Aqua upholstery
- Height, inclination, as well as backrest and foot section electrically adjustable.
- Lowerable arm supports
- Head section +/- 30° tiltable
- Hand switch with locking and memory feature with four preset table positions
- Illuminated table surface and sides
- Soft PU upholstery can be exchanged for Aqua upholstery
- Inflation connection for optional Ayurveda cover
- Standard upholstery color: white or choco. Other colors from our color collection for an additional charge
- Base in five standard decors (see page 19), optional in other decors
- Mechanically retractable castors

- Height: 54-90 cm
- Length: 202 cm
- Base width: 55 cm
- Table surface width: 85 cm
- (Recommended) lifting capacity: 250 kg
- Load capacity: approx. 300 kg

MLW Amphibia Neo

Including water cushion

MLW Neo series

Perfect for any treatment

With four actuators, a height of 54-96 cm can be electrically adjusted on the MLW series table models. The backrest can also be adjusted electrically by approx. 70°, the leg area by approx. 25°, and the foot section by up to 18°. The arm supports can be lowered by

up to 15 cm using a pneumatic spring and the head section can be tilted by +/- 30°. The four pre-set treatment positions are also quite practical at work.

Optimally regulated warmth

The Thermo table heater has a temperature control with an automatic shut-off. This way you can ensure an optimal table upholstery temperature.

Options (more info. after page 14)

	Soft Upholstery (not possible with MLW Amphibia)	,-,-
	Thermo: Three-level heating system with automatic switch-off (included with MLW Amphibia)	,-,-

	Bluetooth® foot switch with memory function	,-,-

Comfortable soft upholstery

The extra-soft soft upholstery version of the MLW Classic will leave your customers floating on air. Made of skin-friendly, hygienic PU, the table upholstery is particularly suitable for long treatments.

Folding tray with magnetic closure

The practical folding tray at the head of the MLW allows e.g. a tablet with relaxing pictures or films to be placed there that make the view through the face cradle more comfortable for your customers.

MLE Series

MLE Neo

The MLE Neo is an absolute all-rounder, because it is suitable for cosmetics, wellness, and massage alike. With three actuators, the height as well as the back and leg sections can be adjusted electrically. The head section can be inclined via a pneumatic spring by +/- 30°. To relieve the shoulder and neck area during massages, the arm supports can be lowered manually

Features:

- Height, back, and leg section adjustment via three actuators
- Head section +/- 30° tiltable
- Adjusting the head area via pneumatic spring
- Upholstery firmness: 10 cm
- Available in wenge with black-brown corners and choco-colored upholstery
- Including mechanically retractable castors

- Height: 58-92 cm
- Length: 204 cm
- Width: 84 cm
- Lifting capacity: 250 kg
- Load capacity of the table surface: 300 kg

MLE Neo

3-actuator

Gharieni MLE US

The Gharieni MLE US is suitable for massages and treatments in a flat position. The table is equipped with electric height adjustment. The headrest is adjustable and can be completely removed.

Spa Tables Accessories

Upholstery Covers

With the right covers your spa table will always be well protected against different types of stresses and strains. Our table-specific covers fit exactly the individual upholstery segments and thereby the function of the table is not limited.

Thanks to the high-quality terrycloth material, machine washing up to 60° C is possible and therefore hygienic cleaning is possible. Our covers are available in white, choco, macchiato and black.

It is best to order the right cover directly when you buy your table. Our team would be happy to help you decide!

Dentalax Neck Rest

This little tool can significantly improve the comfort of lying on your treatment table. Because the Dentalax supports the position of the neck and helps to stabilize the head. This creates a more comfortable table experience while relieving the neck vertebra. We recommend the Dentalax neck rest for each of our treatment tables as an optimal supplement for the best lying comfort and an increase in treatment ergonomics. The Dentalax is available to match the upholstery color of the table.

Dentalax with PU, white	,-
Dentalax with PU, choco, creme, or cappuccino	,-
Dentalax with synthetic leather, white	,-
Dentalax with synthetic leather, in standard colors	,-
Dentalax with synthetic leather, in Stamskin colors	,-

Foot protective cover

To protect the table areas at the foot end, we offer a suitable protective cover made of robust, transparent PVC for all tables. It can be securely fixed to the upholstery via Velcro.

Protective cover	,-
------------------	----

Gel cushion for face cradles

Prevent unpleasant pressure points on the face with this gel cushion. In addition, the gel fluid has a pleasantly cooling effect. The transparent gel cushion can be securely attached to our tables by means of one or two tabs.

Gel ring with 2 tabs	,-
Gel ring with 1 tab	,-

Cover towel with face cradle, large

There is this special single-use cover towel with face cradle for improved hygiene. What makes it special: Thanks to its width, it not only protects the headrest, but also the arm supports against contamination. Ideal for all our tables with lowerable arm supports or wide head sections. Size: 130 x 35 cm

Package with 50 items, Art. 45310.

Face cradle towels

Extra soft, slotted disposable towel to protect the headrest upholstery; extremely practical and hygienic. Recommended for all headrests with face cradle. Size: 30 x 21 cm

Package with 100 items, Art. 45305

PU protective cover

With this practical cover made of robust PU material, nothing stands in the way of your special treatment any longer. Whether it's oil massages, packs, or the like, the upholstery is always well-protected. The cover has an elastic band to prevent unwanted slipping and can be washed at up to 95 °C and suitable for tumble drying. Available in white, choco, black, macchiato, or creme depending on spa table.

PU protective cover, Art. 49051

Ayurveda cover

The transparent Ayurveda cover is ideal for pouring oil. It features a drain which allows the oil to be cleanly drained away. The side edge is inflatable allowing the cover be stored to save space after use.

Ayurveda cover, Art. 49050

mikrozyd® sensitive

For the gentle and thorough care of our upholstery we recommend mikrozyd® sensitive. Available as liquid or ready-to-use cloths in a handy dispenser, it eliminates bacteria, fungi, and viruses (such as HBV, HIV, Rota, vaccinia). Without alcohol!

mikrozyd® sensitive Wipes, Art. 79418

RLX series

Evo Lounger

Gharieni Evo Lounger

This exclusive lounger offers pure relaxation. Equipped with four actuators, the head, back, leg, and foot sections can be adjusted separately via handheld remote control. The three most common table positions are preset and can be called up at the push of a button. Thanks to its special material, the upholstery is able to perfectly adapt to every body type. With a pull-out shelf on the left and right as well as an optional LED reading light, the Evo Lounger offers moments of well-being with maximum comfort.

And that little extra: The lounger color can be individually designed. The standard white or choco PU upholstery is also optionally available in creme, black, and macchiato. The casing comes equipped standard in white or with wenge decor. This allows the lounger to integrate perfectly into any atmosphere, making it a truly personalized highlight for any relaxation area.

Features:

- Four actuators for adjusting the head, back, leg, and foot areas.
- Four pre-set positions
- Quilted PU upholstery
- Standard upholstery color: White. Other colors from our color collection for an additional charge
- Base in five standard decors (see page 19), optional in other decors
- Pull-out tray on both sides
- Optional LED reading light

- Lounger surface height: approx. 50 cm
- Length: 205 cm
- Width: 85 cm
- Load capacity of the table surface: 250 kg

Evo Lounger

4-actuator

Evo Lounger

Relaxing lounge comfort

With four actuators and a handheld remote control, the Evo Lounger can be easily adjusted for optimal lying comfort. The head section can be raised by 35°, the back by 50°, the leg section by 20°, and the foot section by 18°. In addition, the upholstery adapts to each customer individually and thus provides an additional relaxation factor.

And the practical trays on both sides of the lounge can be easily pulled out with a handle.

Optional LED reading light

Equipped with a LED reading light, the lounge offers everything your customers need for a relaxing break (picture similar).

Pull-out tray

The pull-out tray on both sides is the perfect spot for setting something down or putting something away while reading with a wellness beverage.

Multimedia sound system

The integrated multimedia sound system allows you to load relaxing sounds and music on demand.

Easy to use

Three preset lounge positions can be accessed at the simple press of a button. Of course, the Evo Lounger is also individually adjustable.

RLX series

The models to choose from

With their high-end design and high degree of quality, the RLX models truly stand out. While the position of the lounge surface is fixed with the RLX Light, on the RLX Electric the lounge surface can be electrically adjusted. You're not just choosing "your" model, but also the best upholstery color and coating of the metal parts for

your atmosphere – for your relaxation area's perfect look. With optional extras such as the Thermo heating system for a comfortable temperature of the lounge surface, downtime on the RLX for your customers becomes a real relaxation experience!

LED reading lamp

The optionally available LED light for reading makes relaxation time on the RLX even more enjoyable for your customers. Its flexible neck makes it easy to put it in the right position..

Removable neck cushion

The neck cushion, which can be easily removed if necessary, offers perfect lying comfort. It can be optimally positioned via a Velcro fastener.

Optimally regulated heat

The RLX Electric can be equipped with a heatable lying surface. This Thermo system has a temperature control including automatic switch-off. This ensures an optimally tempered lying surface. .

Especially stable

An elegant appearance combined with maximum stability – this is ensured by the sophisticated metal construction of the RLX. This can optionally be coated in your personally favorite color.

PediSpa Square

Extremely flexible

The PediSpa Square has a variety of adjustment options that make a treatment comfortable:

In addition to the headrest which swivels forward by 25°, the backrest can be tilted back by up to 75°. The seat is electrically height adjustable from 63-99 cm, tiltable by 14°, and can be moved 17 cm

forward and backward. The footrest can also be easily adjusted at the touch of a button by up to 21 cm in height. The swivel function of the seat ensures easy access – 90° to both the left and right.

Removable headrest

The PediSpa Square is also available with a removable headrest. This equipment version is recommended for all hair treatments.

Manicure bowl + folding tray

Practical options for manicure: The fold-out trays integrated into the armrests, as well as the flexible manicure bowl, make hand and nail care on PediSpa Square child's play.

Exchangeable seat upholstery

The optional Comfort upholstery (pictured left) is made of durable, hygienic PU and is very soft. This allows customers to enjoy their treatments even more relaxed.

Hair care

Care from head to toes! Together with the Hair Swing basin, the Pedispa Square with removable headrest also makes hair care easy.

Options (more info. after page 14)

PediSpa Compact

Gharieni PediSpa Compact

With our PediSpa models, you can not only work perfectly professionally, but the foot bath also becomes a special wellness experience. Because these treatment tables offer exceptionally comfortable seating. The space saver among the PediSpas is the PediSpa Compact, which is permanently installed on the floor and has an integrated water inlet and outlet as well as a pull-out hand shower. Its basin is covered by the frame as soon as the seat is pushed forward. In addition, the little step on the front can be pulled out. Featuring a non-slip surface, customers can comfortably and safely be seated and also "descend" back down again. In addition, the PediSpa Compact is available with two armrests: standard with low armrests or optionally with high armrests, each of which can be equipped with an integrated folding tray.

Features:

- Two-part base
- Seating area completely movable to the rear
- Foot basin made of high quality Corian® securely installed on the floor
- When the seat is pushed forward, the basin is covered by the frame
- Compact construction
- Adjustable backrest
- Two possible headrest versions: removable (option) or inclinable (standard, included in the price)
- Height-adjustable footrest
- Upholstery made from synthetic leather
- Standard upholstery color: White. Other colors from our color collection for an additional charge
- Basin with pull-out hand shower, integrated water inlet, and drain
- Optionally with Pipeless Massage
- If there is no connection to the ground, the installation of a drainage pump is possible
- Optionally with a folding tray integrated in the armrest
- Retractable, non-slip step on the front

- Base length (retracted): approx. 80 cm
- Base length (extended): approx. 150 cm
- Overall width including armrests: approx. 86 cm
- Base width: approx. 80 cm

PediSpa Compact

Standard	7,77
Armrests (pair) with folding tray	7,77
Removable headrest	7,77
Drainage pump	7,77
Pipeless Massage	7,77

PediSpa Compact

Practical in every respect

With this PediSpa, the base and seat can be pushed over the foot basin to save space. The pull-out step makes it easy for customers to take their seats and descend again; and the headrest, which can be tilted forwards by 25°, offers perfect sitting comfort.

The footrest, which can be adjusted up to 21 cm in height, allows for ergonomic working during pedicures. Thanks to the backrest, which can be tilted backwards by up to 75°, the PediSpa Compact is also perfect for use with cosmetic treatments.

Space-saving construction

This foot bath does not take up much space, because by simply moving the seat forward it is covered by the table base. In addition, a pull-out step is integrated into its front.

Removable headrest

The PediSpa Compact is also available with a inclinable headrest, in addition to a removable/retractable headrest. This equipment version is recommended for all hair treatments.

Options (more info. after page 14)

Color upholstery: max. 2 different colors possible	
Synthetic leather standard, per color	
Synthetic leather Ferrari Stamskin Top, per color	,-,-
Synthetic leather Ferrari antibacterial coated, per color	,-,-

Manicure bowl + folding tray

Optionally available: The fold-out trays integrated into the armrests, as well as the flexible manicure bowl, make hand and nail care on PediSpa Compact child's play.

Height-adjustable footrest

Simply manually adjust the footrest to the desired height and you'll be working ergonomically in no time!

PediSpa Curve

Gharieni PediSpa Curve

This PediSpa model features an impressive dynamic and elegant design, as well as high-quality workmanship. The height-adjustable foot section and the tiltable and removable head section are easy to handle and also make work easier. Made from the best materials, the PediSpa Curve is a real highlight for every spa, whether in the Basic or Comfort equipment version. With optional extras such as heated seats, pipeless foot massage, as well as auto-filling, the PediSpa Curve Comfort meets your customers' highest demands for exceptional treatments.

Features:

PediSpa Curve Basic

- Base partly made from high-quality Corian®
- Compact construction
- Height-adjustable footrest
- Adjustable backrest
- Headrest inclinable and removable
- Fold-out armrests removable
- Upholstery made from synthetic leather
- Optionally with heating
- Standard upholstery color: White. Other colors from our color collection for an additional charge
- With hand shower

PediSpa Curve Comfort

- Details like Basic
- Pipeless foot massage
- Auto-filling

- Base length: approx. 120 cm
- Width including armrests: approx. 80 cm
- Base width: 70 cm

PediSpa Curve

Basic	7,--
Comfort	7,--

PediSpa Curve

Set-up on request

The seat, which can be moved forwards and backwards a total of approx. 17 cm and the forward-inclinable head section, ensure perfect seating comfort. In addition, the head section can also be removed. This way the PediSpa Curve is perfect for use with all

hair treatments. The armrests swivel to the rear and can also be removed; The backrest can be tilted back by up to 75° – ideal for cosmetic treatments.

Easy-to-use fittings

The elegantly designed fittings make it easy to regulate the water temperature and divert the flow of water to the shower head.

High-end wood decor

For an extraordinarily elegant look: Choose the side panel of the base in one of our numerous fine wood decors.

Options (more info. after page 14)

Color upholstery: max. 2 different colors possible		
	Synthetic leather standard, per color	-,-
	Synthetic leather Ferrari Stamskin Top, per color	-,-
	Synthetic leather Ferrari antibacterial coated, per color	-,-
<hr/>		
	Side decor surfaces our collection, (white is included with the table price)	-,-

Footrest height-adjustable

The footrest is manually height-adjustable. This puts your customers' feet at the appropriate working height for perfect ergonomic sitting during the pedicure.

Removable head section

The head section of the PediSpa Curve can be both tilted and removed. Thus this table is also well equipped for hair care.

Hair Swing

Washing System Hair Swing

The Hair Swing washing system is a real highlight for all hair care applications. With three articulated elements, the Hair Swing has a particularly wide radius of 120 centimeters. This allows convenient operation of two stations next to each other. The porcelain basin also offers optimal comfort with its tilting mechanism: If the washing system is not in use, it takes up little space thanks to its swivel arm supported by three bearings.

Features:

- Porcelain basin with tilting mechanism for hair washing
- Completely 360° rotatable
- Single-handle faucet row with ceramic sealing
- Hand shower with hose lead-through and shower hose in black, 100/140 cm long
- Foot color: White aluminum
- Basin color: White or black

Hair Swing

White	---
Black	---

- Maximum reach 120 cm
- High basins: 94-100 cm depending on the tilt angle

Practical hand shower

The modern, flexible hand shower with its long hose and the practical single-hand faucet allows for optimal hair care..

Flexible articulated arm

After use, the Hair Swing basin can easily be swung aside. This way you have sufficient space for your other treatments.

MLR Wet

Gharieni MLR Wet

Be it spa treatments in the open air or wet treatments indoors at your spa – with its waterproof coating and the water-resistant materials of the base, the MLR Wet meets exactly these requirements. The purist-elegant spa table offers many electrical adjustment options, such as height, inclination, and back and foot sections. In addition, the MLR Wet is equipped with a Trendelenburg feature and optionally with a locking feature. The upholstery has a face cradle for comfortable prone body treatments.

Important note: for wet and outdoor use, the supplied waterproof cover is required!

Features:

- Exclusive wet/outdoor table
- Table surface with electrical height, back, leg section, and inclination adjustment
- Including removable, waterproof cover for wet treatments
- Two removable batteries for independent power supply
- Standard upholstery color:
Synthetic leather: White.
Other colors from our color collection for an additional charge

MLR Wet

Including 2 waterproof covers

MLR Wet with
waterproof cover

- Height: approx. 57-87 cm
- Length: approx. 203 cm
- Width: max. approx. 80 cm
- Lifting capacity: 300 kg
- Load capacity of the table surface: 350 kg

MLR Wet

For indoor & outdoor treatments

With its two lifting columns, the MLR Wet can be set at a height of 57-97 cm and the inclination angle of the table surface can be adjusted to +/- 15° to the Trendelenburg position. Also electrically, the

back and leg area can be angled at 70° or 25°. Thus, the MLR Wet offers optimal table and working comfort for all wet indoor treatments or outdoor spa treatments.

Waterproof materials

Made with waterproof materials and a removable, waterproof cover, the MLR Wet is the ideal choice for both wet and outdoor treatments.

Trendelenburg position

This zero-gravity table position with low head and elevated foot section allows customers to relax in comfort.

Battery operation

Thanks to the battery integrated into the table, the MLR Wet can also be operated electrically independent of the power supply. It is removable and can easily be exchanged for a supplied second battery.

Waterproof cover

The water-resistant PU cover is skin-friendly, hygienic, tough, and essential for all wet treatments. The cover is available in white or choco..

Massage Tables

Gharieni
MLW Transform

Gharieni
ML series

Gharieni
Ayurveda

Gharieni
Shiatsu mat

MLW Transform

Gharieni MLW Transform

The MLW Transform gives the term “feel-good sofa” a whole new dimension, because this high-end couch transforms into a massage table in no time.

The massage table, with its independent battery and pull-out cable is of course height-adjustable and can be heated for a cozy, feel-good experience. For optimum comfort, the head section can also be adjusted for height and inclination.

If you need more seat space, the three cushions on the backrest of the couch can simply be removed. The high-quality, elegant synthetic leather cover of the upholstery is available in various decors and colors. For a very personalized look, the sofa can also be equipped with a leather cover or a (customer’s) cover fabric on request.

Features:

- Massage table and sofa in one
- Pull-out massage table
- Height electrically adjustable
- Electrically extending lightweight castors
- With integrated battery and power connection
- Removable, crescent-shaped head section
- Storage compartment in the base
- Robust synthetic leather upholstery in black
- Optional in various decors, leather, or (customer’s) cover material
- Three removable cushions on the backrest

- Couch height: approx. 80 cm
- Table height: approx. 45–75 cm
- Couch width: approx. 212 cm
- Spa Table:
- Length without head section: approx. 166 cm
- Couch depth: approx. 87 cm
- Spa Table: Width approx. 75 cm
- (Recommended) lifting capacity: 250 kg
- Load capacity of the table surface: 300 kg

MLW Transform

Sofa-massage table combination	-,--
Individual massage table	-,--
Sofa as purely seating furniture	-,--

MLW Transform

Two-in-one

The high-end “feel-good sofa” can easily transform into a massage table: Pull out with the electrically retractable lightweight castors and attach the adjustable crescent-shaped head section – done! For massage treatments, the height can be adjusted electrically from 45-75 cm. In addition to a cord connection, the MLW Transform

also has a battery and can thus be used away from a wall power outlet.

Flexible headrest

The crescent-shaped, adjustable headrest is easy to put on – the massage table is ready!

Practical storage compartment

With a practical storage compartment in the base of the massage unit, the headrest is always ready at hand.

Battery operation

With its integrated battery, the MLW Transform can be used independently of a wall power outlet. It is charged via the pull-out power cord.

Easy to use

Thanks to the integrated touch panel, the electrically extendable lightweight castors can be easily activated and the height of the table surface can be adjusted.

ML series

Gharieni ML series

All tables in the ML series are electrically height-adjustable. The head section can be inclined pneumatically via pneumatic spring by +/-30°. In the two-actuator version, the head area of the MLK can be adjusted electrically as well as on the MLL. The MLK ABS and MLK Physio are equipped with arm supports that can lower you for prone treatments, while the MLL offers a larger head section. The base is available in both white (standard) and titanium (optional).

Features:

MLK ABS

- Electrical height adjustment
- Lowerable arm supports
- Head section with face cradle inclinable +/-30°
- White synthetic leather upholstery, optional in other colors

MLK Physio

- Electrical height adjustment
- electrical adjustment of the elevated center position
- Lowerable arm supports
- Head section with segmented face cradle inclinable +/-30°
- White synthetic leather upholstery, optional in other colors

MLK

- Electrical height adjustment
- Head section with face cradle inclinable +/-30° via pneumatic spring (optional electric)
- White synthetic leather upholstery, optional in other colors
- Short head section with face cradle

MLL

- Electrical height adjustment
- Head section inclinable +/-30° via pneumatic spring (optional electric)
- White synthetic leather upholstery, optional in other colors
- Long head section with face cradle

- Height: 61-91 cm
- Length: 196 cm
- MLK (ABS) head section length: 42 cm
- MLL head section length: 67 cm
- Width: 70 cm
- (Recommended) lifting capacity: 200 kg
- Load capacity of the table surface: 250 kg

ML series

The massage specialists

The “MLK ABS,” “MLK Physio,” “MLK,” and “MLL” massage tables are electrically height-adjustable from 61-91 cm and their head section can be tilted via pneumatic spring; on the MLL and MLK this is +/- 30° also possible electrically on the two-actuator version. The

MLK ABS and MLK Physio are also equipped with lowerable arm supports, with the MLK Physio also having a segmented table surface for setting an elevated center position.

For prone treatments

The MLK ABS and MLK Physio models are equipped with lowerable arm supports and a downwards and upwards tilting headrest with face cradle. This makes them suitable for prone treatments.

Special elevated center position

To provide relief for your customer's lumbar spine area, the table surface can be brought into an elevated center position by the actuator on the MLK Physio.

Paper roll holder

With a paper roll holder mounted at the foot of the table, you can always pull protective paper over the table (see also page 178).

Everything within reach

The compartment under the MLK and MLK ABS serves as a handy storage space, e.g. for hand towels. If necessary, the compartment can be supplemented with a second shelf.

Ayurveda Table

Gharieni Ayurveda Table

Thanks to its special design, this table is suitable for all Ayurvedic treatments. The upholstery features a raised edge for use with larger quantities of oil and an oil-resistant PU cover. The accompanying four-piece PU accessory set consists of an Ayurveda half roll, a crescent-shaped massage headrest, an arm support, and a headrest with drainage device.

The table height can be manually adjusted hydraulically or electro-hydraulically. The large shelf below the bed can be used for everything you need for treatment.

Features:

- Upholstery especially for Ayurvedic treatment methods
- Elevated upholstery edge for use of larger amounts of oil
- Oil-resistant PU cover
- With hydraulic, electro-hydraulic or without height adjustment
- Four-piece PU accessory set with Ayurveda half roll, special headrest with drain, crescent-shaped massage headrest, and arm support

Ayurveda Table

- Height (without edge): 58-88 cm
- Length: 200 cm
- Width: 85 cm
- Lifting capacity: 200 kg
- Load capacity of the table surface: 200 kg

Ayurveda Table

The oil can flow here

The height of the Ayurveda table can be adjusted hydraulically by hand crank or electro-hydraulically by pressing a button from 58-88 cm. The headrest can be tilted up and down and the arm

support can be attached at different heights. For the use of larger quantities of oil, the seat cushion is equipped with a raised edge and an oil-resistant PU cover.

Perfect for oil treatments

The head section is designed so that the oil can run off cleanly during forehead pouring.

Headrest for massages

With the crescent-shaped, tiltable, and removable headrest with face cradle, massage treatments can also be performed prone.

Pull-out arm support

The arm support can be mounted at two different heights or completely removed. There is enough space there if the customer is lying prone.

Practical storage shelf

On the surface below the table, you can store or set aside everything important for your treatments.

Massage Tables Accessories

Upholstery Covers

With the specially adapted covers your massage table is always well protected against different types of stress. The table-specific covers are an exact match to the individual upholstery segments. Thanks to the high-quality terrycloth material, machine washing up to 60° C is possible and therefore hygienic cleaning is possible. With their integrated elastic bands, the individual segments stay exactly where they belong, thus preserving the function of the tables.

Our covers are available in white, choco, macchiato and black. It is best to order the right cover directly when you buy your table. Our team would be happy to help you decide!

Roll holder including 1 paper roll

The optional paper roller provides you with a practical, disposable protection for your table. As needed, the 50 cm wide paper is unrolled and pulled over the lying surface. After use simply tear it off at the perforation line and discard. A neat thing!

Roll holder 1 paper roll, 60 cm width, Art. 42068/60	,-,-

Package with 10 pieces, Art. 45302 ,-

HUBERTUS Mountain Refugio Allgäu

Balderschwang, Germany

Treatment Beds

Our treatment beds are functional and flexible. The seats are versatile and adjustable and can be controlled by hand switch. Depending on the bed model, up to eight positions can be saved via memory function. The quality actuators from Linak have the "Spline" safety feature, which prevents the danger of crushing on moving parts. For non-actuator-driven table parts, Stabilus pneumatic springs provide easy adjustment without much effort.

The construction of the tables was designed taking ergonomic aspects into account. Numerous elaborate details, such as the optional Rotonde turning function, make the job easier. Pull-out head and foot sections provide comfort to customers of all body types.

A particular highlight is the Airback®, a lumbar support system whose adjustment is controlled by air pressure via a hand pump. Airback® comes standard in all treatment beds.

The treatment beds always come equipped with a white Gharieni

synthetic leather upholstery or white or choco PU. Here you can choose from a large number of colors in addition to the standard equipment. These can be found in the rear flap of the catalog. Choose your favorite from the Gharieni color chart or from the ex-

clusive Ferrari Stamskin top collection! On some bed models, you can put together your own personalized bed from up to three different colors. The casing is made from robust, easy-to-clean, and colorfast plastic. It is available on almost all models in addition to the standard white in titanium.

The options table will show you which equipment options you have that can be found on the corresponding beds. The individual options are then page 14 explained from there. You can find an extensive list of accessories at the end of each bed section.

Lina Select series

Lina Select series

Slim, elegant design, maximum comfort and variability. – Our Lina Select series is the ultimate for you as a beautician! Because the innovative Lina's program is "Select," which combines optimal working and table comfort as well as individual versatility.

You can thus choose from the following versions of the one-piece upholstery cover with memory foam:

- Standard – the perfect "bottom layer" for massages
- Soft – for even more comfort, even with time-consuming cosmetic treatments

Particularly practical: On all models, the armrests for massage treatments feature double-sided upholstery and can be folded down. In addition, the head and foot sections can be pulled out and removed. And of course you can adjust the height, inclination, back, and leg sections electrically and store up to four positions. In addition, the bed can be equipped with the upholstery-warming heating system. All Lina Select models are also available as Podo version with segmented foot section.

Gharieni Lina Select Alu

The Lina Select Alu features a sophisticated designer aluminum base with upholstery or wood applications.

Features:

- Metal-clad base in the colors titanium, white, black-brown or aluminum
- With side wood or synthetic leather applications
- Pull-out and removable head and foot sections
- Electrical height, back, and seat adjustment
- Hand switch with locking and memory feature with four preset table positions
- Fold-back armrests upholstered on both sides
- Upholstery with a memory foam layer
- "Airback" lordosis support system integrated into the upholstery (see page 182)

- Height: 54-96 cm
- Bed surface length: max. 202 cm
- Width without/with armrests: 62/80 cm
- Lifting capacity: 200 kg
- Load capacity of the seat: 250 kg

Lina Select Wood

Equipped with the same features as the other Lina Select models, the Lina Select Wood has a delicate, yet stable base. The foot is available in one of our numerous wood decors. This allows the bed to be perfectly adapted to your interior design – giving your workspace a particular bit of elegance.

Features:

- Delicate base in five standard decors (see page 19)
- Additional decors optionally available
- Pull-out and removable head and foot sections
- Height, back, seat inclination, and leg section electrically adjustable via hand switch
- Standard upholstery color: White and choco. Other colors from our color collection for an additional charge
- With a memory foam layer
- Fold-back armrests upholstered on both sides
- “Airback” lordosis support system integrated into the upholstery (see page 182)
- Hand switch with locking and memory feature with four preset table positions

Gharieni Lina Select Static

With its one-pillar technology and solid floor installation, the Lina Select Static looks particularly elegant. At the same time it gives you practical legroom with maximum stability. In addition, this model has the same features as the "Wood" and "Alu."

Features:

- Bolted to the floor for maximum stability and legroom
- Four-actuator
- Height, back, seat inclination, and leg section electrically adjustable via hand switch
- Pull-out and removable head and foot sections
- Standard upholstery color: White and choco.
- Other colors from our color collection for an additional charge
- With a memory foam layer

Lina Select Static
with Soft upholstery

Lina Select series

Extraordinarily variable

All of the Lina Select series models are extraordinarily versatile. The height is adjustable from 54-96 cm and the head and foot sections can each be pulled out by 10 cm. The backrest can be set up to 70°

and the seat can be tilted by 25°. In addition, the leg area can be tilted down by 75°. And for massage treatments, the double-upholstered arm supports can be folded down.

High-end application

The sides surfaces of the foot of the Lina Select Alu feature the same synthetic leather as the bed upholstery. Optionally, however, it is also possible to choose an elegant wood decor.

Lightweight, elegant, & stable

The foot of the Lina Select Wood looks elegant, but at the same time it is extremely stable. With a wood decor of your choice, the bed can be perfectly adapted to the ambience of your workspace.

Usable on both sides

Particularly practical: On all Lina Select models, the armrests feature double-sided upholstery and can be folded down. This allows them to be used for prone massage treatments.

Headrest with face cradle

In addition to the standard headrest, an optional headrest with an integrated face cradle is also available for our Lina Select models.

601 series

Gharieni 601

The Gharieni 601 combines the best features of a spa table and treatment bed in one: comfort, stability and practical handling are the main features of this double lifting column supported combination table. Whether cosmetic treatments, make-up, haircare, massages, pedicures or manicures, the 601 always performs well. The multifunctional, removable head and arm rests make it one of our most variable treatment tables.

Features:

- Double lifting column technology for extreme loads
- Fully electrically adjustable
- Upholstery of the treatment bed available in three widths: 75 cm (small), 80 cm (medium-small) and 85 cm (medium)
- Upholstery available in two thicknesses: standard and soft
- Three different headrests possible:
 1. Dual headrest with interchangeable face cradles
 2. U-shaped face cradle
 3. Standard headrest with face cradle
- Fold-away head rest for free access to the head and neck (e.g. for hair wash)
- Thermal heatable surface to keep clients cozy and comfortable.
- Swiveling, detachable side armrests for easy access
- Laterally swiveling and lowerable arm support at the head section for effective massages
- Can be operated via hand or foot switch
- Four preset and two freely storable memory positions
- 30 minutes automatic operation safety lock
- Mounting for magnifying lamps
- Mountings for manicure bowls under the lateral armrests
- Available in many different finishes and fully customizable to any décor.
- Also available as High Performance version with approx. 60% more lifting force and 25% higher speed

- Height: approx. 59 cm - 99 cm (Standard upholstery)
- Length: approx. 183 cm - 203 cm
- Width (without armrests): 75/80/85 cm
- Lifting capacity: 250 kg/400 kg (High Performance)
- Load capacity of the table surface: 300 kg / 450 kg (High Performance)

601 series

Practical & versatile

In terms of adjustability, versatility and ergonomics, the 601 meets the highest demands. The headrest can be tilted by $-90/+10^\circ$ and extended by up to 15 cm. Two lifting columns allow the height to be electrically adjusted from 59-99 cm, the back and foot sections can be adjusted

by 70° and 91° respectively, and the armrests can be swiveled back by 180° . The lying surface can be tilted by $\pm 25^\circ$ and extended by approx. 10 cm with the adjustable foot section.

Three different headrests

In addition to the standard headrest, the 601 can be equipped with two other variants: the Dual, with an exchangeable round or crescent-shaped face cradle or U-shaped headrest

Adjustable armrests

For optimal adaptation to the customer, the armrests can be moved outwards. Thus, the 601 offers even more comfort for every body type..

Paper roll holder

With a paper roll holder mounted on the back of the couch, you can always pull protective paper over the treatment bed.

Holder for (magnifying) lamps

A surprising and handy feature is the extendable magnifying lamp holder made of stainless steel. Designed to fit the Circle LED magnifying lamp, it simply disappears under the bed when not in use.

SPL Neo series

Gharieni SPL Neo series

If you are looking for a solid treatment bed, our "SPL Neo" is just right for you. With its four actuators, the bed can be adjusted as quickly as you want: From starting position to the classic treatment position, to the massage position, you can retrieve them simply by pressing a button.

With the "Standard", "XP" and "Soft" upholstery versions, the three beds offer different characteristics especially for your treatments. Fold-down armrests as well as a lower bed access height make it easier for shorter customers to step up. At the same time, the pull-out headrest and footrest offer taller people optimal comfort. The seat surface rotates thanks to the optional Rotonde function. This gives you even more flexibility when working. You can choose the color of the bed upholstery – for the best look to match the ambience of your workspace – from our large PU and synthetic leather collection.

The SPL Neo is also available as a Podo version.

Features:

- Four particularly quick actuators
- Height, inclination, as well as back and leg areas are electrically adjustable.
- Fold-down armrests
- Pull-out headrest and footrest
- "Airback" lordosis support system integrated into the upholstery (see page 182)
- Spline safety actuators to avoid the danger of crushing
- Optional Rotonde seat surface rotating function
- Bed surface available with Standard and Soft upholstery
- Upholstery made from PU (Soft version) or synthetic leather
- Standard upholstery color:
Synthetic leather: White. PU: White and Choco
- Other colors from our color collection for an additional charge
- Multicolor upholstery also possible
- Base in white or titanium

- Height: 59 cm – 100 cm
- Length: 144 cm – 203 cm
- Width without/with armrests: 62 / 80 cm
- Lifting capacity: 200 kg
- Load capacity of the seat: 250 kg

SPL Neo

4-actuator

SPL Neo
with Standard upholstery

SPL Neo XP

SPL Neo with Soft upholstery

SPL Neo series

For all cosmetics treatments

The SPL Neo can be perfectly positioned for your cosmetic treatments. So you can adjust the chair height to 63-100 cm, set the backrest to 70°, tilt the seat by 25°, and adjust the leg range from

0 to -90°. Headrest and footrest can be extended by 10 cm and the armrests can be swiveled backwards.

Rotonde function

This feature allows the seat to be turned left or right by up to 180°. By means of the side-mounted locking it can be easily fixed in any position.

Headrest with XL extension

The adjustable and retractable XL extensions is a support surface for the arms, especially for prone body massages.

Manicure bowl

As with many other Gharieni treatment beds, the SPL Neo also allows the installation of a detachable manicure bowl on the armrest (Exception: Soft upholstery).

Footrest

This practical chrome-plated footrest protects the plastic casing of the base from mechanical wear and tear and dirt during head-side treatments.

SLR

Gharieni SLR

From the classical treatment position to massage setups – as a treatment bed, the SLR is multifunctional. Equipped for four actuators, you can electrically adjust the height, back, seat inclination, and leg section via a hand switch and in addition store four memory positions. The minimal width of the back section also allows for flexible working. Thanks to its mechanically retractable castors, the SLR is also easy to move.

At 58 cm, the bed provides a low starting height; and the anatomically-shaped, one-piece synthetic leather upholstery with its mechanical Airback offers your customers optimum comfort.

The base of the SLR is available in a titanium with stainless steel elements. It comes standard with no armrests, this bed can also be optionally extended with various exchangeable and removable armrests.

Features:

- Minimal back width for flexible working
- Height, back, seat inclination, and leg section electrically adjustable via hand switch
- Hand switch
- Four storable memory positions
- Optionally, different removable armrest versions can be used
- Base in a titanium with stainless steel elements
- Low starting height
- Anatomically molded and made from one piece synthetic leather upholstery including “Airback” mechanical lumbar support system
- Standard upholstery color: White. Other colors from our color collection for an additional charge
- Mechanically retractable castors

SLR

Without armrests	,-
Standard armrests	,-
PU armrests	,-

Without armrests

Standard armrests

PU armrests

- Starting height with inclined seat position: 48 cm
- Height: 58–85 cm
- Length: 188–210 cm
- Width without armrests: 64 cm
- (Recommended) lifting capacity: 200 kg
- Load capacity: approx. 250 kg

SLR

Suitably adjustable

The SLR can be adjusted according to your needs and those of your customers. In terms of height, the bed can be set to 58-85 cm. The seat can be inclined by 12°. The backrest can be tilted in relation to the seat from 0 to 75° and the leg section from 0 to -80°. The head-

rest as well as the footrest can be extended by 10 cm. The armrests can be swiveled back and folded down for massage treatments.

Variable PU armrests

The optional PU armrests, thanks to their special design, allow for use at variable heights. They can be effortlessly removed and used on opposite sides. This results in a high or low position for resting the arms. In addition, you can also remove the armrests altogether if the treatment requires it.

Mechanically retractable castors

Thanks to the mechanically extendable and retractable castors, the bed can be easily moved and safely positioned.

Locking function of the armrests

The armrests can be fixed parallel to the backrest or completely folded backwards. They automatically stay there in their final position.

Hydraulic series

Hydraulic models

Without actuators, but with total comfort: Our hydraulic models offer almost everything their siblings with actuators can. In the case of the PLS Cos and SL XP Hydraulic, the height, seat angle, backrest, and leg section can be adjusted using a pneumatic spring without much effort. The armrests can be swiveled backward for easier starting positions for customers; and the upholstery is available in many colors.

Features:

PLS Cos Hydraulic

- Height, seat inclination, back, and leg section adjustable via pneumatic spring
- Armrests fold backwards
- Inclined head section
- Seat rotates 360°
- Synthetic leather comfort upholstery
- Standard upholstery color: White. Other colors from our color collection for an additional charge
- Also available as a Podo version

SL XP Hydraulic

- Height, seat inclination, back, and leg section adjustable via pneumatic spring
- Armrests fold backwards
- Pull-out foot and head sections
- Seat rotates 360°
- "Airback" lordosis support system
- Full-length ergonomic synthetic leather upholstery
- Standard upholstery color: White. Other colors from our color collection for an additional charge
- Also available as a Podo version

PLS Cos Hydraulic

- Height: approx. 59-79 cm
- Length: max. 144-203 cm
- Width without/with armrest: approx. 49/68 cm
- (Recommended) lifting capacity: 300 kg
- Load capacity of the table surface: 300 kg

SL XP Hydraulic

- Height: approx. 64-83 cm
- Length: approx. 144-203 cm
- Width without/with armrest: approx. 62/83 cm
- (Recommended) lifting capacity: 300 kg
- Load capacity of the table surface: 300 kg

Treatment Beds Accessories

Upholstery Covers

With the right covers your treatment bed will always be well protected against different types of stresses and strains. The table-specific covers are an exact match to the individual upholstery segments. With their integrated elastics, the parts of the terrycloth stay exactly where they belong, thus having no effect on the functioning of the bed.

Thanks to the high-quality material, machine washing up to 60°C is possible and therefore hygienic cleaning is possible.

Our covers are available in white, choco, macchiato and black.

It is best to order the right cover directly when you buy your table. Our team would be happy to help you decide!

Dentalax Neck Rest

This little accessory supports the neck and helps to stabilize the head. This creates a more comfortable table experience while relieving the neck vertebra. We recommend the Dentalax for each of our treatment tables as an optimal supplement for the best lying comfort and an increase in treatment ergonomics. The neck rest is available to match the upholstery color of the table.

Dentalax with PU, white	,-,-
Dentalax in PU, color	,-,-
Dentalax with synthetic leather, white	,-,-
Dentalax with synthetic leather, in standard colors	,-,-
Dentalax with synthetic leather, in Stamskin colors	,-,-

Roll holder including paper roll

The optional paper roller provides you with a practical, disposable protection for your table. This can easily be attached to the bed. As needed, the 50 cm wide paper is unrolled and pulled over the lying surface. After use tear it off at the perforation line and discard. A neat thing!

Roll holder including 1 paper roll, Art. 42064	,-

Sanitary paper roll, 50 x 0.5 m, Art. 42065, 9 pieces, ea.	,-

Foot protective cover

To protect the table areas at the foot end, we offer a suitable protective cover made of robust, transparent PVC for all tables. It can be securely fixed to the upholstery via Velcro.

Protective cover	,-
------------------	----

Neck/Knee rolls

To support a comfortable reclining position, we offer cylindrical and semi-cylindrical-shaped knee and neck rolls, each in two widths.

White, semi-cylindrical, 40 cm, Art. 42006/40	,-
White, semi-cylindrical, 60 cm, Art. 42006/60	,-

HST Trolley with
storable steamer

Gharieni Spa Trolley HST

Designed as an exclusive piece of furniture, this treatment unit not only offers a storable steamer with herbal diffuser, but also an FDS, or Foam Detecting System. This serves to shut off the steamer in the event of foaming by contamination. Also particularly practical are the swiveling steamer arm, a large storage space, an extendable tray, a drawer with subdivision, as well as a Hot Cabi compartment and a magnifying lamp holder. Equipped with four low-noise lightweight castors and available in numerous decors, the HST Spa Trolley is an indispensable and perfectly integrated work unit.

Features:

- Integrated steamer
- Swiveling steamer arm
- With herbal diffuser
- With FDS (Foam Detecting System) serves to shut off the steamer in the event of foaming by contamination.
- Pull-out tray
- Large storage space
- Drawer with subdivision
- Including Hot Cabi and magnifying lamp
- Hot Cabi compartment
- Magnifying lamp holder
- Storage compartment for Flex magnifying lamp
- Castors
- In numerous decors and different designs

- Height: 89 cm
- Width (closed): 50 cm
- Width (including steamer): 82 cm
- Depth (without handle): 48 cm
- Depth (including handle): 54 cm

Everything in one location

You'll see how practical the Spa Trolley is during your treatments: With its extendable tray, storage space, integrated steamer, magnifying lamp and Hot Cabi, it has everything you need for your cosmetic treatments. Thanks to its mobility, you have everything at hand during treatment. It doesn't get any more practical!

Storable steamer

For organization in your workspace: When not in use, simply let the steamer and magnifying lamp "disappear" into the back of the spa trolley.

Integrated Hot Cabi

Best organized: A Hot Cabi is integrated into the lower compartment of the HST. This means that your warm compresses are always on hand.

Spa Trolley GST

Gharieni Spa Trolley GST

This treatment unit is exclusive and practical in the form of a trolley. This piece of furniture offers everything that makes your job easier: a storable swivel-mounted steamer, a herbal diffuser, and the Foam Detecting System (FDS) to shut down the steamer in the event of foaming by contamination. Also, the large storage space with four drawers, which can be divided in different ways according to what you want, proves itself in all treatments.

In addition, the integrated Hot Cabi offers warm towels at hand. What's more, a magnifying lamp holder and a storage compartment for the Flex magnifying lamp make the Spa Trolley GST the optimal work partner for you and in any desired location at that! Thanks to the low-noise, lightweight castors, you can easily push the Spa Trolley anywhere you need it. And last, but not least: Available in numerous decors, the Spa Trolley GST can also be perfectly integrated into any studio or workspace interior.

Features:

- Integrated steamer with herbal diffuser
- FDS (Foam Detecting System) serves to shut off the steamer in the event of foaming by contamination.
- Swiveling steamer arm
- Large storage space
- Drawer with variable partitioning system
- Hot Cabi compartment
- Magnifying lamp holder
- Storage compartment for Flex magnifying lamp
- Castors
- In many decors
- Including Hot Cabi and magnifying lamp

Spa Trolley GST

Including steamer, Hot Cabi
and magnifying lamp

- Height: approx. 117 cm
- Width (closed): approx. 70 cm
- Width (including steamer): approx. 109 cm
- Depth: 50 cm

Extensive storage space

With its numerous different drawers and compartments, the trolley offers perfect organization for any workspace.

For secure positioning

Thanks to the flexible drawer divider, the space in the drawers can be individually divided as needed. That way nothing can tip over when opening and closing drawers.

Drawer dividers

The changeable dividing interior of the drawers allows for convenient and clear organization of small instruments and preparations.

Steamer with many functions

The steamer is not only equipped with a herbal diffuser, but also with a Foam Detecting System (FDS). This shuts off foaming in the event of contamination.

Integrated steamer

As soon as you no longer need the steamer, you can stow it away in the Trolley. Simply swivel it into the appropriate storage compartment.

Practical with Hot Cabi

Thanks to the integrated Hot Cabi, warm towels and compresses are always at hand.

AluVap

Gharieni AluVap

The space-saving AluVap treatment unit is your ideal partner in professional cosmetics. Made of sturdy, high-quality aluminum, it offers all the functions for modern cosmetic treatments even in the smallest of spaces. Because of its modular structure, the device configuration can be put together individually. Four modules can be integrated as needed, such as Peeling, Vac/Spray, Iono, High-frequency, and Rotating Drawer. In addition, the steamer can be expanded by an aroma or herbal option

Another highlight is the LED colored light option. This LED technology turns the steamer into an exclusive "face bio sauna." Depending on the color choice, the light enhances the psychological well-being of your customers. Thus, depending on your needs, it can have a relaxing, regenerating, balancing, stress-relieving, or revitalizing effect.

Additional equipment extras also include an Ultrasound and a Hot/ Cold device, as well as a magnifying lamp in different versions.

Available standard in white, black-brown, or with a titanium, you can also choose from more than 200 RAL colors. This perfect treatment unit can thus also be color-matched to integrate into any workspace.

Features:

- Compact construction
- Slim Rotary-shaped design
- Aluminum body
- Modular construction
- Assembled according to your needs
- Up to four modules to choose from
- Large radius of action
- Easy-to-use
- Short heating-up phase
- Swiveling steamer arm
- Water supply via funnel from above
- Easy to remove water tank
- Felt ring for aroma treatment
- Herbal diffuser (optional)
- Can be expanded with additional devices, magnifying lamp, and other accessories
- Comes standard in white, black-brown, and with a titanium
- Other colors possible for an additional charge

- Height: approx. 100 cm
- Steamer arm reach: approx. 70 cm
- Base diameter: approx. 46 cm

Gharieni Shiro Dhara Trolley series

There are two models available for deep relaxing ayurvedic oil forehead pouring:

The Shiro Dhara Trolley Wood with a base featuring wood decor is equipped with a tray for various collection containers and an oil drainage device with collection glass. These elements are height adjustable.

On the Shiro Dhara Trolley Junior, the forehead pouring bowl has an adjustable valve. The arm and (on request several) trays are height adjustable; and the tray bottoms can be selected in wenge, glass, or wood.

Features

Shiro Dhara Trolley Wood:

- Base in wood decor
- With tray and oil drainage device including collection glass
- Different collection containers available
- Height-adjustable elements
- Castors
- Available in chrome colors and black-brown

Shiro Dhara Trolley Junior:

- For oil forehead pouring
- Trays and arm height adjustable
- Choose from glass or wenge wood for tray bottoms
- Forehead pouring bowl with adjustable valve and suspension device
- Expandable with two additional trays
- Brakable castors
- Available in chrome/titan

Accessories

Additional tray in glass or wood decor including holder

,-,-

- Height: approx. 178 cm
- Wood base width: approx. 55 cm
- Junior base width: approx. 70 cm

Elegant forehead pouring bowl

The forehead pouring bowl of the Shiro Dhara Trolley Junior is equipped with an adjustable valve. This makes it easy to regulate the flow rate. The holder for the forehead pouring bowl is height adjustable.

Oil collection device

The Shiro Dhara Trolley Wood includes an oil drainage device with collection glass... This makes it easy to collect and dispose of the returning oil – for convenient and clean work.

Oil bowl

The Shiro Dhara trolley collects the returning oil in a stainless steel bowl. The tray for the bowl is height adjustable and can be optionally equipped with glass or wood decor bottom.

Easy-rolling castors

The five lightweight castors of the Shiro-Dhara-Wood and Junior models ensure perfect mobility and stability. This way you can easily move the trolley anywhere you need it.

K8 Furniture series

Gharieni K8 Sideboards

The K8 series provides aesthetic design for your treatment cubicle; because the elements of this modular system are enclosed by a joint-free frame. According to your needs and the size of your workspace, the basic frame module is available in four versions: for one, two, three, or four individually assembled built-in modules in a width of 107 to 207 cm. With the built-in elements – a drawer, cabinet, and floor unit module – you can also choose according to your needs.

Features:

- In four widths: up to four modules
- Individually assembled built-in modules
- Choose from various wood and color decors
- Also as a washbasin cabinet version
- Additional attachment basin possible
- Optionally with LED lighting

K10 Furniture series

Gharieni K10 Sideboards

The K10 furniture series is the innovative development of the successful K9 series. As a modular system with a frame that can include up to four built-in modules, the K10 series offers perfect, aesthetic organization for your workspace. According to your needs, you can assemble your K10 Sideboard from the following modules: a drawer, cabinet, and floor unit module. The Spa Trolley HST treatment unit K10 module, which can be perfectly integrated, is particularly practical. This module on noiseless lightweight castors can be easily pulled out for treatment and then pushed back into the unit.

Features:

- In three versions: with two, three, or four modules
- Individually assembled built-in modules
- Choose from various wood and color decors
- Also as a washbasin cabinet version
- Additional attachment basin possible

MLX Trolley series

MLX Trolley versions

No matter for what purpose: Choose your suitable MLX Trolley from our offering!

Large (Height: approx. 99 cm)

Medium (Height: approx. 88 cm)

Small (Height: approx. 77 cm)

Mini (Height: approx. 55 cm)

MLX Trolley

Do you love to work when things are “tidied up” and are organization and clarity a must for you in your workspace? Then the multifunctional MLX Trolley is just right for you!

Whether you opt for a small, medium, or large Trolley, combine low and high Tip-On drawers, as it best suits you. Practical, too: With the all-round handle and the high-quality lightweight castors, the trolley can be moved effortlessly. In addition, it can be equipped with a magnifying lamp holder on request. Also: Thanks to the possibility of choosing from a variety of matte and glossy color and wood decors, the trolley is a perfect fit in every workspace!

Features:

- Multifunctional trolley
- Combination of high and low Tip-On drawers
- All-round handle
- Choose from a large variety of versions and designs
- High-quality castors
- Optionally with magnifying lamp holder

Accessories

Tray attachment	-,-

The St Regis Dubai The Palm UAE

Mano

Mano manicure table

Glass top in white or black

Gharieni Mano

This manicure table looks particularly light and elegant with its special curved glass top. The practical drawer container with its easy-open Tip-On compartments offers space for everything you need for a manicure. And of course, the manicure table also has an integrated lamp holder.

When it comes to design, the Mano leaves nothing to be desired. Thus you can choose its glass top in white or black and the metal parts in white, titanium, or black-brown. So that the Mano optimally matches the ambience of your workspace, we have a large collection of wood decors ready for you.

Features:

- Worktop made of special curved glass
- With drawer container
- Drawers with Tip-On-Technology
- With black or white glass top
- Container available in different wood decors
- Metal elements in white, titanium, black-brown
- Integrated lamp holder (without lamp)

Accessories

Slimline LED working light, Art. 41820

- Height: 79.5 cm
- Width: 129 cm
- Depth: 57 cm

For perfect lighting

The integrated lamp holder is suitable for our Slimline LED working light. This not only ensures optimal lighting, but also a visually compelling overall appearance.

Large amount of space

With three drawers, the Mano container provides ample space for all the tools you need for a manicure.

Curved glass top

The curved plate made of special glass in black or white looks light and sophisticated at the same time.

Just simply Tip-On

A slight pressure is all it takes and the drawers open quietly. As a result, no handles are needed. This creates a clean look.

Metal parts in chrome

In addition to the standard colors white, black-brown, and titanium, the bases of the Cube manicure table are also available in elegant chrome.

Perfectly combinable

For practical working and a uniform appearance, the Cube Select manicure table can be combined with the Cube Select Trolley (see page 248).

Hotel Das Dorner

South Tyrol, Italy

Stools & Chairs

Stools & Chairs

Not only your customers should be comfortable during the treatment! In order to be able to work comfortably and efficiently, the working chair factor plays a role that is not to be underestimated. Here, the focus is on ergonomics. This includes not only a comfortable seat surface, but also optimum adjustability. Our stools and chairs offer you all these features. Find exactly the right chair to suit you and your work from our wide range of products.

We also don't come up short in terms of looks. Optionally, you can configure our working chairs, in addition to the standard white, in different colors to suit your personal ambience. In addition, with our four castor base versions, we offer optimum possibilities to configure your personal working chair. Optional extras like our Floating feature and Airback-Technology round out our offering.

Features:

- Stools and chairs come standard with white upholstery and black base
- Synthetic leather cover optional in various colors from the current Gharieni or Ferrari Stamskin color collection (see catalog cover)
- Rotatable seat
- Rubber castors with Roll-Stop function
- Comfortable upholstery
- Washable and durable cover
- Pneumatic height adjustment
- 5-castor safety base
- Six different castor base versions

Chair/Stool “Anatomical saddle-seat”

Our specialists when it comes to ergonomics are the anatomical saddle-seat stools and chairs. Thanks to their specially curved seat design in the Large and Small versions, the saddle-shaped seats ensure optimal pressure distribution in the buttock-area while relieving the strain on the thighs. The “For Men” model, with its recess in the front part of the seat, also caters to the special ergonomic needs of men.

The “floating” version also offers a seat that swings in all directions to maintain the mobility of the pelvis and promote the flexibility of the discs.

All models have the obligatory height adjustment and the five-caster safety base. The chair model is also equipped with an adjustable backrest and a tilting seat.

Features:

- Anatomically-shaped rotating saddle-seat
- Pneumatic height adjustment
- Comfortable upholstery
- Chair version with inclinable seat to relieve pressure on the thighs
- “Air” chair version with air chambers to relieve pressure
- Washable and durable cover
- Synthetic leather cover in white
- 5-caster safety base
- Rubber castors with Roll-Stop function
- Optional with floating equipment: swinging, adaptable to the movement of the seat, in two types of firmness (soft and medium)
- Base in three colors: Black (standard), titanium, or chrome
- 5 base versions (see page 263)

Stools & Chairs

Chair/Stool “Saddle-seat”

Our saddle-seat chairs or stools have a specially shaped seat similar to a bicycle. The advantage here: The recesses on the seat minimize the unpleasant pressure of the seat on the thighs.

The durable synthetic leather upholstery is available in different colors (see color chart in the cover)

All models have the obligatory height adjustment and the five-caster safety base. The chair model is also equipped with an adjustable backrest as well as a tilting seat.

Features:

- 50-62 cm height adjustment
- Saddle-shaped, rotating, flat seat
- Pneumatic height adjustment
- Chair version optionally with inclinable seat to relieve pressure on the thighs
- Comfortable upholstery
- Washable and durable cover
- Synthetic leather cover in white, additional colors optional
- 5-caster safety base
- Rubber castors with Roll-Stop function
- Base in three colors: Black (standard), titanium, or chrome
- 5 base versions (see page 263)

“Round” chair/stool

Our round stools and chairs feature comfortable and robust upholstery.

The durable synthetic leather cover is available in different colors (see color chart in the cover)

All models have the obligatory height adjustment and the five-caster safety base. The chair model is also equipped with an adjustable backrest as well as a tilting seat.

Features:

- 50-62 cm height adjustment
- Round, rotating, flat seat
- Pneumatic height adjustment
- Chair version optionally with inclinable seat to relieve pressure on the thighs
- Comfortable upholstery
- Washable and durable cover
- Synthetic leather cover in white, additional colors optional
- 5-caster safety base
- Rubber castors with Roll-Stop function
- Base in three colors: Black (standard), titanium, or chrome
- 5 base versions (see page 263)

“Oval” chair

With its wider seat and curved, height-adjustable backrest, the chair with oval seat provides comfort. In addition, it can be equipped with the Air-Floating system, which with its air chambers allows the adjustment of the seat upholstery to your personal needs. The optional seat tilt adjustment provides relief for the thighs.

Features:

- Pneumatic height adjustment of 50-63 cm
- Rotating oval seat
- Optionally with inclinable seat to relieve pressure on the thighs
- Washable and durable cover
- Synthetic leather cover in white or color
- Optionally with Air-Floating System (AFS) for more comfort and to avoid pressure points
- 5-castor safety base
- Rubber castors with Roll-Stop function
- Base in three colors: Black (standard), titanium, or chrome)
- 5 base versions (see page 263)

“Dental type” chair

With this functional chair, the backrest can also be moved to the left and right while seated and can therefore also be used as an armrest.

The chair is height-adjustable via a lever and has a 5-castor safety base.

Features:

- Pneumatic height adjustment of 50-62 cm
- Round seat and rotating backrest
- Comfortable upholstery and upholstered backrest
- Optional with floating equipment: swinging, adaptable to the movement of the seat, in two types of firmness
- Durable cover in white or color
- 5-castor safety base
- Rubber castors with Roll-Stop function
- Standard with black base, optional in titanium or chrome
- 5 base versions (see page 263)

“Square” chair

A modern design with clean lines and extremely comfortable – this is the “Square” Chair. Whether as a working chair with and without a backrest or as a makeup chair, the Square offers an exclusive solution for most requirements. The robust, easy-to-clean synthetic leather upholstery is available as standard in white or optionally in other colors from our current color charts (see cover). In addition to the obligatory height adjustment, the makeup chair has a footrest ring for optimum seating comfort.

Features:

- In three chair versions: Working chair with and without armrests or makeup chair
- Pneumatic height adjustment from 47-63 cm (working chair), approx. 57-83 cm (makeup chair)
- Rotating, angular chair
- Comfortable upholstery and backrest
- Armrests
- Washable and durable cover
- Synthetic leather cover in white or color
- Optionally with castors or fixed base
- Rubber castors with Roll-Stop function
